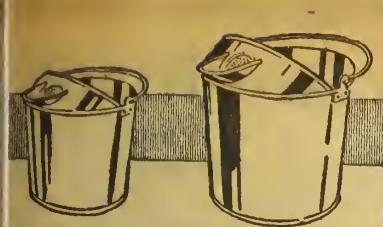
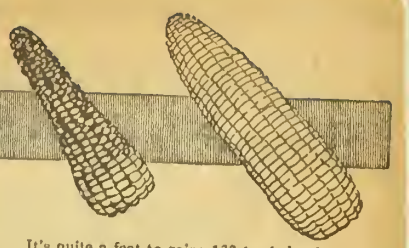
Page 903 Tells You Quickly What We Have for You in This Catalog.



harles Foss brought his herd from an average 135 pounds of butter fat per year up to 312 nds per year and has kept to this average for en years! What is your average per cow?

A. B. Pierce has an income of $3,000 per year from six sows. This is far better than an investment in stocks and bonds. New methods explained in FARM KNOWLEDGE will vastly increase your profits from hogs.



It's quite a feat to raise 133 bushels of corn per acre, but when you do it on 90 acres you are making a worth while record. That's what I. S. Long did. The new way in farming will help you.

Farming Secrets!

—the simplest ways to cut down on labor
—the most approved methods of vitalizing your soil
—the soundest principles of improving the dairy herd
—the experts' discoveries for growing record crops
—the practical methods of increasing stock profits
—the most advantageous marketing plans

Told By More Than 100 of America's Greatest Farming Authorities!

thousand and one new farming discoveries have made by men who are revolutionizing crop and live results.

ese new ideas are producing record-breaking s of corn; are quickly reclaiming soils thought hope- are securing startling butter fat production; are ng hogs to market earlier, and bigger, on less feed; loubling and trebling profits in practically every ng operation, in every climate and locality.

ese new methods are cutting down labor needs. are saving work in a hundred ways. They are ing out waste. They are perfecting new kinds of which outrank the old. **And now these secrets been made public.**

e Discoveries of Specialists

t as we have the **physician** who specializes on **one cular branch** of medicine, so we have the farmer pecializes on **one particular branch of farming.** ne have made a lifetime study of corn. Others have ed their study to soils. Still others have specialized growing of wheat. And so on—farming has its lists on live stock, poultry, veterinary matters, hay, dairy and all other branches.

se **specialists** are continually conducting **experi-** in order to discover methods that will produce results. Some of these men spend all their time way. Others have their own farms and conduct experiments primarily for their own benefit. an experiment is proved successful, again and it is used on a large scale, in a practical way.

one farmer can hope to learn through his own ence as much about all branches of farming as **ese specialists together** have learned, by each lizing in **one thing.** The road to quick success ning is to **take full advantage of what all these lists have discovered.** Learn their secrets!

A $50,000 Work

n expense of over $50,000 for the editorial material the successful farming experiences of recognized authorities in all parts of the country have been collected and placed within the covers of FARM KNOWLEDGE —a complete manual of Successful Farming written by recognized authorities in all parts of the country; based on sound principles and the actual experiences of real farmers—the Farmer's Own Cyclopedia. Never before has a work of this scope and value been produced. There is nothing else like it. It is by far the most complete and the most practical work ever prepared for the farmer. It helps to eliminate the costly personal experimenting. It is a clearing house of answers to the problems you must solve every year.

Above all, FARM KNOWLEDGE is **practical.** It is not a collection of theories; it is not an idle treatise on "why you should farm better;" it is not technical; it is not made up of extracts; it does not present plans and methods which are out of reach of the average farmer. Instead, FARM KNOWLEDGE contains the results of actual experience in improving methods and increasing profits; it was specially written in interesting and easy to understand language. It is up to the minute in every way, yet it upholds every old time method that has proved its merit; it was written for farmers and their families; it contains the help you want, instantly available when you want it.

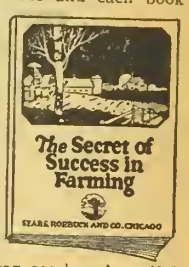
100 Experts on Your Farm

Just think of having at your finger tips the help of Hugh G. Van Pelt, one of the foremost authorities in the country on Dairy Matters; just think of having the help of Prof. F. C. Minkler on Hog Raising, Minkler who is Live Stock Commissioner of New Jersey; think of having the advice of Prof. C. B. Hutchison on Corn, the man who organized the Corn Growers' Association of Missouri and who was head of the department of Farm Crops at Missouri College of Agriculture; think of having, in your own home, the boiled down knowledge of men like Dr. A. S. Alexander on the diseases of live stock, of Prof. Eckles on the handling of milk, of Alva Agee on Soil Fertilization, of J. K. Wright on the Silo, of J. C. Hackelman on Small Grains, of Raymond Olney on the Farm Tractor, of H. H. Neimann on Barn Construction, **of over a hundred others** of equal prominence on subjects they have specialized on.

These men have won their places as great farmers—they not only know how to secure unusual results, but they are gifted with the ability to tell YOU how to do it. Surely, help like this must be of benefit to every farmer, no matter how long he has been farming or how much money he is making, or how extensively he has studied.

Free Booklet Explains All

FARM KNOWLEDGE contains over 2,000 pages In all, 128 full page photographic reproductions, frontis-piece in each volume in colors and over 3,000 other illustrations scattered throughout. The volumes are 9¾ inches high by 7¾ inches wide and each book is nearly 2 inches thick. The green buckram binding is both handsome and durable.



It is impossible to describe so important a work in the space of one page. But we have prepared a special booklet which shows the complete list of contents, names of authors, with brief descriptions of each, and shows sample pages to give you an idea of how the subjects are treated, size of type and the kind of illustrations. In addition, we have prepared a large folder illustrating the four volumes in actual colors, so you can see how beautiful they are.

We want every farmer who is interested in increasing his production and profits to send for a copy of this free booklet and folder. Read what FARM KNOWLEDGE must mean to you. Read about the new farming secrets which have revolutionized old results, doubling and trebling profits. We will also quote you our low price, easy terms of payment and free examination offer. Write NOW. Just say "Send me your FARM KNOWLEDGE Booklet **No. 5005N."** Mail coupon, postal or letter.

ALL WOOL Blue Serge Suit

Ucanttear Brand Pants Are Full Lined

$11.50

Blue Serge

No. 40N2271 **$11.50**

The **Ucanttear** suit illustrated above is made of pure wool fast color blue serge worsted. Fine weave, 10-ounce material. A very handsome suit, well tailored and trimmed with our best materials. The latest military style. This suit has all of the features mentioned in the description of how our best suits are made. See the right hand side of this page. The style and general appearance are shown in the illustration above.

Three-button single breasted coat with slightly rounding corners. Loose trench belt all the way around through belt loops. **Military style back** with seams from shoulders to bottom of coat. Slanting side pockets and breast pocket. Inside pocket. Coat is lined with serge.

The pants are full lined. This lining adds warmth as well as strength to the pants, and in addition keeps them in shape long after they are pressed. The seams are taped and double stitched. Two side pockets, one hip pocket and a watch pocket. Excellent buttons and trimmings. Bottoms are adjustable with two buttons. Up to and including size 12 made with buttonhole waistband. The larger sizes have belt loops and suspender buttons. A piece of this same cloth for patches and several extra buttons are included with each suit.

SIZES—10 to 18 years. State size. Average shipping weight, 3¼ pounds.

How *Ucanttear* Suits Are Made

Many Fine Points That Are Usually Concealed in the Make Are Here Explained.

We have two grades of *Ucanttear* Brand knickerbocker suits. Both grades are well made according to specifications, as explained below. The best grade, those illustrated and described on pages 522 and 523, have **full lined pants** and the coats are lined either with **serge or alpaca.** The lower priced suits are made exactly the same, except that the pants are not lined and the coats are lined with twill, a strong cotton fabric.

Below is explained why our boys' clothing holds its shape and gives such excellent wear. The explanation of the inside make of the coat also applies to our Boys' Long Pants High School Suits.

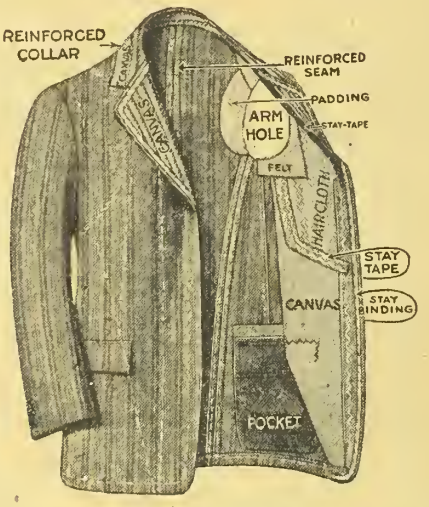
The appearance of a coat or pair of pants after several months' wear, depends as much upon the inside make as upon the kind of cloth in the suit. A garment that pulls out of shape and loses its original appearance of good tailoring is worthless, whether it is made of goods that cost $5.00 a yard or 40 cents a yard. Proper stiffening and padding, correctly cut, properly fitted and firmly sewed in place is the only guarantee that a coat will look well after it has set to your body. We make the clothing we are selling. We cannot afford to sell a suit that will not hold up and stand the strain of hard wear, for our business policy demands that we satisfy our customers, not only for the sake of our clothing department, but for the sake of the departments selling other merchandise, such as hardware, groceries, furniture, etc.

Our clothing experts have made up a list of specifications showing exactly what must go into every suit and how it must be made. These specifications are followed to the letter in making up our suits, regardless of what the price of the suit is to be. Our best suits differ from the lowest priced suits in having higher grade lining and more expensive interlinings. For instance, the *Ucanttear* knickerbocker suits illustrated and described on pages 522 and 523 have canvas and haircloth in the coat facing but those described on pages 526 and 527 have canvas only. The same difference exists between the best long pants suits illustrated on pages 532 and 533 and the lower priced suits shown on pages 534 and 535.

All of our boys' suits are cut extra full, and are large and roomy. No measurements are skimped.

At the left we illustrate and describe one of our *Ucanttear* Brand knickerbocker suits made up with our best linings and trimmings. Below you will find interesting information regarding the interior make of our coats and pants.

What They Look Like Inside



The *Ucanttear* Label in Every Suit Is a Guarantee of Unusual Wearing Qualities.

Above we illustrate the foundation of a coat before the lining is put in or the lapels covered. You will notice canvas and haircloth innerlinings with the stay binding extending up along the edge of the coat and around the lapels, also the stay tape extending up the inner edge of the coat and inward to the armhole. This stay tape divides the haircloth and canvas in our highest priced coats and adds strength to the garment. At the left of the armhole is the padding and at the right and extending over the armhole is the felt which holds the shape in the coat at the armhole. Canvas, haircloth and all padding have a certain number of rows of stitching. These do not vary, but must be exactly the same number in each coat and are demanded in the specifications. Strong Silesia pockets. The seams are shown double stitched and are always reinforced either with tape or with cross stitching back and forth from one side of the seam to the other side. Neither the tape nor the cross stitching is shown here, as it varies in different coats. The specifications also call for machine bar tacks (stitching) at the ends of all pocket openings to prevent tearing. Every button is made on a stand (thread foundation built up) and securely sewed. Our highest priced coats are made with canvas and haircloth innerlinings, and are full lined with fine serge or alpaca. The coats of the lower priced suits are made exactly the same, with canvas innerlinings, and other features, but without haircloth, and are full lined with twill, a strong cotton fabric.

Above we illustrate a pair of our knickerbocker pants turned wrong side out to show the full lining. Our best knickerbocker suits illustrated and described on pages 522 and 523 are all made with **full lined pants.** The pants of all of our suits, regardless of price, are made with seams taped and double stitched in addition to the usual seam stitch. Good thread is used. Our pants are practically rip-proof. Extra strong pockets and buttons fastened on to stay. The illustration above shows the lining, pockets and the taped seams.

Full lining in a pair of knickerbocker pants means additional warmth and strength. A pair of full lined pants will hold their shape much longer than pants not lined.

All knickerbocker pants up to and including size 12 are made with standard buttonless waistband and without suspender buttons or belt loops. Sizes 13 to 18 have belt loops and suspender buttons. The knickerbocker pants furnished with every suit are made with adjustable button bottoms.

Your Money Returned, Including Transportation Charges You Paid, If We Fail to Satisfy

We particularly want you to give your attention to the overcoat and two suits described on this page. They are unusually good values. Whether or not you are expecting to buy clothes at the present time, we want you to read the descriptions of these garments and see for yourself just what you can expect in the way of clothing values when buying clothing from our catalog.

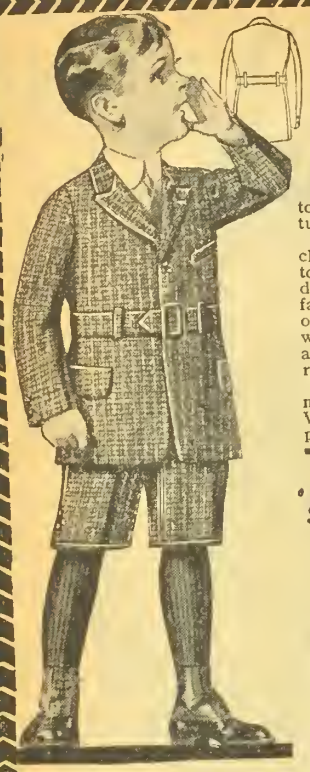
SIZES—31 to 35 inch breast measure. State size on order. Easy instructions for taking accurate measurements on order blanks in back of this catalog. Average shipping weight, 4½ pounds.

Low Prices - READ WHY



There has been such a general increase in clothing prices that most everyone is making an effort to buy where the best prices are offered. We welcome this awakened interest and take this opportunity to remind you that **there is a rock bottom reason for our low prices.**

Over six million customers patronize our store. Of these quite a large number buy boys' clothing. This huge trade demands satisfactory quality at reasonable prices and gets it. In order to know positively that our boys' clothing is honestly made and of good materials, we buy the cloth direct from the mills and have it cut and made according to specifications, in our own clothing factory. We often take the entire yardage of a certain pattern of cloth, and our orders are always of such importance that we secure unusually attractive prices. Our clothing factory is equipped with the latest and most up to date machinery for manufacturing clothing; it is operated efficiently and without any waste whatever. Our prices are therefore low because they are based on a very reasonable cost of material and making, and only one profit is added.

Remember this: the most direct and least expensive way to buy clothing is from the factory that makes it, **providing it is a modern and well equipped factory, and efficiently operated.** When you buy from us you **are** buying from the factory. You save the jobbers' and retailers' profits and also enjoy the advantage of an extremely low purchase price for material.

Little Fellows' Suits With Trench Belts

$4.50 — Dark Gray With Stripe.

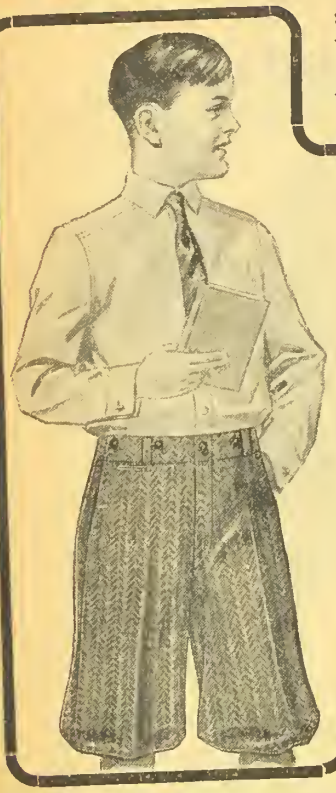
BOYS' PANTS

Every pair of pants offered on these two pages, the lowest priced a the best, are cut full and over the same patterns. Every pair pants is well made, with crotch seams taped and double stitch and are practically rip-proof. Suspender buttons are attached stay and will not easily pull out or come off. All pants up to size 12 are made with buttonh waistband; size 12 and larger are made with belt loops and suspender buttons.

If after using or examining our pants you know of any way that we can improve them, will be glad to give your suggestions full consideration.



Two of Our Special Values

Several months ago we were fortunate in securing at an exceptionally low price a good supply of 14-ounce Cheviot from which the pants No. 40N2606 and No. 40N2607 have been made. The low price we paid for this material enables us to offer these pants at an extremely low price, especially low when you consider the price at which pants are selling today.

By order of the United States Government knickerbocker pants cannot be made up in sizes smaller than size 9, so the small sizes of these pants are made in the straight style. The small sizes are described under Catalog No. 40N2607.

$1.48 Dark Gray Effects 98c

No. 40N2606

These knickerbocker pants are made of a 14-ounce Cheviot which is heavier than most of the materials now being used for boys' pants. This Cheviot comes in dark gray effects in striped patterns. Chemical analysis shows the cloth to be about half wool and half cotton. For larger boys these pants are made in the knickerbocker style shown at left. They are cut full with plenty of blouse at knees. Crotch seams are taped and double stitched making them practically rip-proof. There are two side pockets, one hip pocket and one watch pocket. Adjustable buckle bottoms. Sizes, 9 to 12 are made with buttonhole waistband. Sizes 12 to 17 have belt loops and suspender buttons. SIZES—**9 to 17 years. State size.** Average shipping weight, 13 ounces.

No. 40N2607

These straight style pants are made of the same 14-ounce Cheviot as the knickerbocker pants described at the left. This Cheviot comes in dark gray effects in striped patterns. It is a closely woven fabric presenting a good wearing surface and is about half wool and half cotton. These pants are made in the straight style shown at the right. They are full cut and will fit boys of average size. Crotch seams are taped and double stitched making them practically rip-proof. Two side pockets and one hip pocket. Buttonhole waistband. Three buttons at each knee.

SIZES—**3 to 8 years. State size.** Average shipping weight, 10 ounces.

BOYS' BLOUSES

IN our Big Catalog, issued in January, 1918, we told you how we had done away with the scant, skimp blouse. We explained that we are now making all of our blouses, including our lowest priced blouses, ove the same full size patterns. The manufacturers who make blouses for us make them now according to th specifications that we furnish, and over our own generously large patterns. There is no difference in the size the patterns we use for our $1.15 blouse and our 43-cent blouse. For instance, if one of our size 12 blouses fi your boy, **any size 12 blouse in our catalog will fit him equally well.**

Since we standardized our blouse sizes last January we have sold more blouses than during any previou Spring in our history. This is because our customers know exactly what they can depend on when they ord blouses from us. No more dissatisfactio with low priced blouses—no more gues ing at sizes. Order by giving your boy age, and if he is large or small for h age, please mention it. You will recei the exact size you need.

On this and the opposite page we offer an sortment of blouses that will permit you to ex cise your own personal taste in materials, sty and colors. We invite you to buy your blou from us regularly and be relieved of the c tinually recurring disappointments on acco of "off" sizes.

89c

No. 40N2568

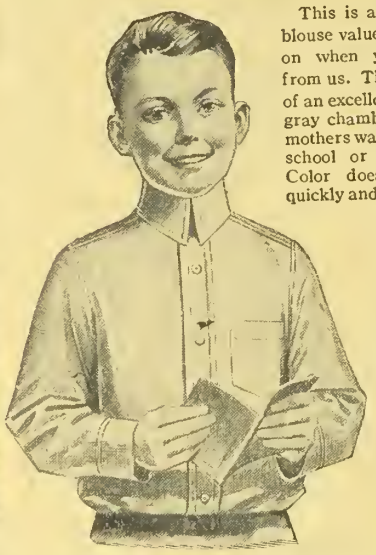
An Example of Value 69c

No. 40N2564

Bluish Gray Chambray.



This is an example of the blouse values you can depend on when you buy blouses from us. This blouse is made of an excellent grade of bluish gray chambray, exactly what mothers want in an all around, school or everyday blouse. Color does not show soil quickly and this quality chambray washes nicely and is unusually strong.

The illustration shows the style as well as the general appearance of the garment. Cut full size, as all our blouses are, over the same pattern we use for our best blouses. It is well made with important seams double stitched for strength. The yoke across the shoulders in the back makes two thicknesses of cloth where the greatest shoulder strain will come. The double thickness reinforced collar is attached. The cuffs are the open style, made with button and buttonhole. Breast pocket. Neat pearl buttons. Adjustable bottom; no draw string required. **SIZES—6 to 15 years. State size.** Average shipping weight, 6 ounces.

55c

No. 40N2554

Steel Gray.

Low Prieed Everyday Blouse. Cut over the same patterns as our very best blouse. Made of steel gray shade washable chambray. Made with double thickness collar and cuffs, which are attached. YOU'LL FIN BLANKS IN THE BACK OF THIS CATALO

BOYS' BLOUSES

IN the heading on the opposite page we tell you about the blouses we sold last Spring. If you have not yet read the opposite page, be sure to do so. The blouses on this page are also made over the standardized patterns, and, regardless of price, are full size in every dimension.

We have used additional space in the center of this and the opposite page to tell you all about two of our blouses. We did not select our very best blouses to describe in this special manner, but have taken two of average quality that exemplify the special features of make that you will find **in any blouse you buy from us.** They are cut over the same full size patterns that we use for every blouse we sell. They are made of good, sturdy materials, which we have described accurately, so that you may know exactly what you are buying. In writing our descriptions we always "stick" to facts and avoid every tendency to exaggerate. You will find that materials we describe as being chambray, pongee, madras or percale are exactly what we say they are, the same fabrics you are accustomed to calling by those names. We have taken every precaution to insure your complete satisfaction with these garments.

White With Stripes.

43c

No. 40N2550

Boys' Neat School Blouse. Low priced, but guaranteed full size. Made of washable percale, neat colored striped effects over white background. Collar and cuffs are attached. Double thickness collar and cuffs. Breast pocket. Important seams double stitched. Bottom is adjustable; no draw string necessary. An excellent value. If several are ordered, we will send blouses with different colored stripes. **SIZES—4 to 15 years. State size.** Av. shpg. wt., 6 oz.

53c Fine Chambray

No. 40N2552
Gray or Blue Striped Patterns.

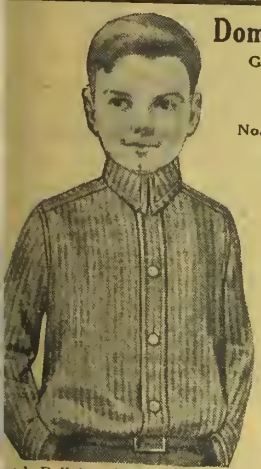
This blouse is an example of what we are accomplishing in the way of prices by buying in large quantities. We are making up several thousand dozen of these blouses, and by so doing have been able to produce them at a price exceptionally low. They are made up in blue or gray with white stripes. An excellent grade of chambray, very strong, that will require no special care in washing. These blue and gray striped fabrics are particularly desirable, as they are not as easily soiled as blouses of lighter colors.

Style as illustrated. Well made with important seams double stitched. Double thickness collar and cuffs are attached. Box plait front. Breast pocket. Pearl buttons. Bottom adjustable; no draw string required.

We would like to have you order one or more of these blouses and see for yourself just what you will be able to save by buying from us. **SIZES—4 to 15 years. State size and color preferred.** Average shipping weight, 6 ounces.

Domet Flannel

Gray Striped.



48c

No. 40N2574

Boys' Long Pants Suit Styles

On this page we illustrate and describe the styles referred to in the descriptions of suits on the opposite page. Read about the makeup of these suits on page 506.

By order of the United States Government these boys' long pants suits are made in single breasted styles and without belts, pinch backs, plaits or patch pockets. This conservation of cloth is necessary in order to supply the enormous quantites of wool and cotton required by the Government for war purposes

Style 20.

This style used for the following suits: Nos. **40N2002, 40N2006, 40N2008** and **40N2018.**

Two-button single breasted semi-form fitting coat. Peaked lapels. Slanting double welt side pockets and breast pocket. Inside pocket. Machine bar stitching at ends of pocket openings to prevent tearing. Three small buttons on each sleeve. Seam back without vent. The coats are all lined either with fine quality serge or alpaca.

Six-button single breasted vest with four outside pockets and one inside. Strap and buckle for adjustment in back.

Very latest effect conservative style pants, tailored to hang gracefully from the hips. Two side pockets, two hip pockets and watch pocket. Slash tunnel belt loops. Front suspender buttons concealed. Cuff bottoms. Combination coat and pants hanger sent free with each suit.

SIZES—Made to fit boys 15 to 19 years of age, ranging in breast measure from 31 to 35 inches. Give measurements on order. See the simple instructions for measuring on the back of the order blanks following page 1638.

Style 21.

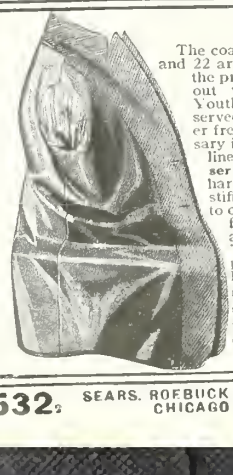
ing in breast measure from 31 to 35 inches. Give m
urements on order.** See the simple instructions for
uring on the back of the order blanks following page 16

The Coat.

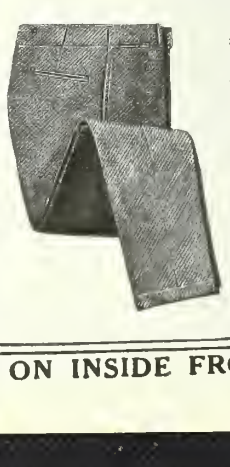


The coats of suits made in Styles 20, 21 and 22 are most carefully tailored. All of the proportions of the coat are worked out with precision and exactness. Youthful and buoyant lines are preserved and provision made for a greater freedom of movement than is necessary in men's clothing. The coats are lined either with a fine quality **serge or alpaca;** both strong and hardy fabrics. The interlinings and stiffening are made special according to OUR own specifications, which call for canvas, haircloth and padding, all to be firmly sewed together. The padding and interlinings are permanently fastened and will keep in place. All pockets have machine stitched bar tacks at ends of openings to prevent tearing. Cloth under collar has at least eight rows of stitching. Read page 506.

The Vest.

The illustration at left shows a five-button vest such as we furnish with Styles 21 and 22. Style 20 has the same style vest, but is made with six buttons. These vests are full lined. The back of the vest is made of the same material as the lining of the coat. Strap and buckle in the back are provided for tightening or loosening the waist. Each vest has four outside pockets and one inside pocket. Neat style with trim waistline.

The Pants.



All pants in syles 20, 21 an
are made with cuff bottoms,
side pockets, two hip pockets a
watch pocket. All pocket lin
are made of extra strong fa
to resist unusual strain. The

THE ENCYCLOPAEDIA BRITANNICA
Furnishes Accurate Knowledge On Every Subject Under the Sun

The World's Greatest Authority

E ENCYCLOPAEDIA BRITANNICA contains what is probably the best nd the most reliable information written by the greatest experts on practically very subject known to the human mind. No matter what subject you are sted in, no matter what subject your family or your children are interested in, tter what subject comes up in your daily papers or your books, you will probably at the Britannica gives the most comprehensive information on that subject in 000,000 words. Every phase of a subject is covered. Even the smallest, most e information is here in the Britannica, as well as the articles on the great gen- bjects.

en you read an article in the Encyclopaedia Britannica you feel confident that ormation you are obtaining is reliable, for the Britannica was written by the minds of the day, each a specialist in the particular subject upon which he has ed an article for the Britannica. These writers are either professors in the great tions of learning in our own country and other countries, or are scientific and sional men and women who by their superior intelligence and research have d far advanced knowledge of their subjects, or, again, they are the great workers world—merchants, financiers and practical artisans—who have in many cases d startling success in their particular lines of work. They write in a clear, manner which every member of your family can understand. You will be ed how interesting and fascinating are the articles in the Britannica, and you ve many hours of profit and pleasure from a set of this great work.

Your Country Needs Your Help in the ution of the Great Problems Left by the War

Britannica will answer for you the questions which occur to you at this time America is at war, about the belligerent nations and points of interest which p in the daily news. It will also give you the knowledge which you are certain after the war has come to an end and when terms of settlement are being decided There never has been a time in the history of our nation when each of us needed curate and intelligent information as now. America will have a large part in ce settlement. The gravest questions that ever confronted a nation will have to when peace is proposed, and you will have to help settle these questions as a f a democracy. For example: Shall we retain our high tariff or shall we operate ee trade basis? Shall we wipe out our enormous national debt in one or two ions or shall we extend it over a comparatively long time? Shall we adopt al training or maintain a large standing army? Shall this nation become more tic or tend toward socialism? What will mean the greatest prosperity and ss to the people?

se questions deeply concern you. You cannot do more for your country than hly to inform yourself on these and countless others of these vital questions nust be answered by this nation. These questions should not be decided in in a spirit of animosity, or without intelligent study. A citizen today who is d and is able to talk intelligently on problems of national importance is sought advice, and he is certain to play a large part in the solution of these questions. s no work that will give you the great amount of reliable, accurate information ily accessible as the great Encyclopaedia Britannica. The Britannica for a and a half has been the basis of the reading, the very foundation of the knowledge, h the leading men, the statesmen of each generation, have based their judgment solution of the national problems of their day. You, as a citizen of this great living in the day of the greatest crisis of its history, should do no less than put in a position adequately to answer and pass intelligent judgment on the questions so vital to the country and the happiness and welfare of its people.

Give Your Child a Fair Chance With the Rich Man's Child

Who are the men and women in each generation who have stood head and shoulders above their fellow men and who have won the most notable success? They are the men and women who, as children, have educated themselves beyond the station to which they were born. Abraham Lincoln was the best educated lawyer in his town, and he continued throughout his life probably the best posted man in his generation, because he **read** and **read** and **read**. It is true that education cannot make a wise man out of a fool, but a wise man was never made a fool by reading. If your child has brains, you should help that child to develop its brains, and give to that child every advantage possible within your means, so that when he or she becomes ready to go out to do his or her work in the world, he or she is not handicapped by lack of education. Your son or daughter may be handicapped by lack of money, but no educated man or woman considers the lack of money a serious handicap. What he or she does fear, however, and rightly, is a lack of education. Education is the path that leads to achievement, to a larger life and to great success. Put in your child's hands the Encyclopaedia Britannica, the world's storehouse of knowledge, which has been the guide to the education of millions of men and women. When you buy the Encyclopaedia Britannica you buy for your child insurance against the handicap of lack of knowledge. It will inspire your child to learn, and it will furnish him with a great teacher on many thousands of subjects.

Within the Reach of All

We are selling this great universal library—the Encyclopaedia Britannica—in the popular Handy Volume Edition at a very low price on easy monthly payments, so that it is now possible for everyone to enjoy the benefits of this great means to education. These sets are sold under our liberal guarantee of your money back if you are not entirely satisfied. You Will Use the "Sit-Right" Franklin Because It's a Comfortable Sewing Machine

THOUSANDS and thousands of Sit-Right Franklin owners use their machines whenever there is any sewing to do—they have learned that the Franklin is easy to run, easy to use—and **comfortable.** Not tiresome, but restful.

Ordinary machine sewing is tiresome because in the ordinary machine the needle is several inches to one side of the sewing center so you must twist your entire body to work the treadle and watch your sewing. The strain of pumping the treadle while in this unnatural, twisted position makes sewing on the ordinary machine such hard, tiresome work.

Our Sit-Right Franklin is designed so you sit directly in front of the needle and your work—your body is in a natural, restful position.

Make up your mind right now that when you sew you will be **comfortable;** you can be comfortable with the Sit-Right Franklin.

Buy a Sewing Machine Guaranteed until 1938 Buy it on 3 months trial

Buy your sewing machine from this catalog. Use it as often and as steady as you please, knowing that you are protected in its use until 1938 by our guarantee, for every machine that we sell is guaranteed for twenty years.

Furthermore, our machines are sold on three months' trial. Order any machine in this catalog (enclosing the price) and try it in your home for three months. During this time you can test your machine under all the sewing conditions it will be required to meet and determine definitely whether it will measure up to your requirements. If, at any time within three months you are not thoroughly satisfied with the work it does or with the appearance, send it back. We will immediately return your money, including all transportation charges you paid.

Even after you have decided to keep the machine—after three months' trial—we are still responsible. If, at any time within **twenty years**—any time until 1938, your machine develops a defect in material or workmanship, we will make an adjustment which will be entirely satisfactory to you.

Guaranteed for 20 Years

Comfort and Dependability

Comfort in sewing is the secret of our success with the famous Sit-Right Franklin Sewing Machine. It is one of the reasons why so many of our customers are inducing their friends to buy from us. And, by all means, that's why you should use a Sit-Right Franklin.

The materials we use in making all our sewing machines—the Sit-Right Franklin, the Economy Rotary, the Minnesota Model "A" and Minnesota Model "C"—are the very best for the purpose we can secure; the workmanship is of such high standard that with proper care we can safely guarantee that your machine will run easily and smoothly and give excellent service for twenty years.

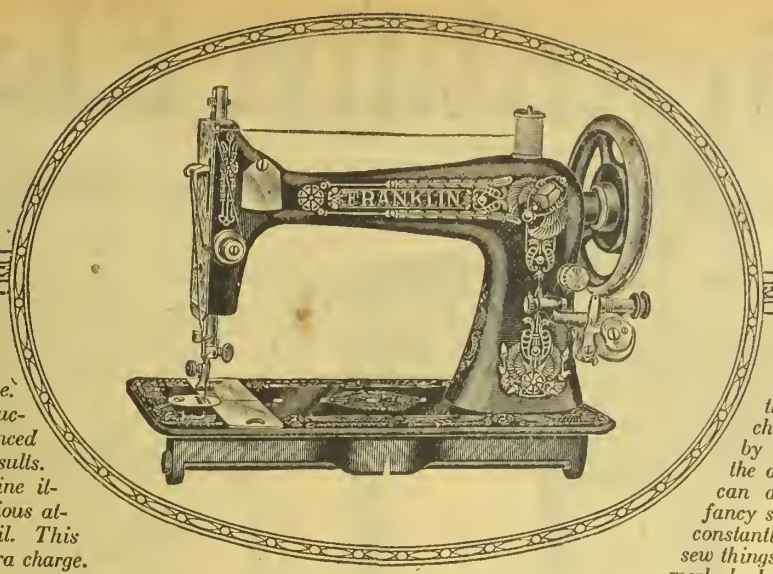
When you sit down to sew you can give all your attention to your work; the machine will take care of itself. What great comfort to know that you can actually finish a day's sewing without a hitch — without any trouble whatever!

We Want You to Try the Franklin

You will be surprised at the ease and simplicity with which you can do the finest sewing on the Franklin. Things that you used to do altogether by hand, dainty, lacy dresses, ruffling, piping, edging, etc., the last little touches that add so much to the daintiness of the garment, you can run off on the Franklin in a fraction of the time it takes by hand, and the finished sewing is as good, if not better than the finest hand sewing, for the Franklin machine sews smoothly and regularly—makes the nicest stitch you ever saw—straight, even, elastic.

Then, after three months' trial, if your machine does not give you the full satisfaction we are leading you to expect, we will return your money and pay transportation charges both ways. We could not make you a fairer proposition.

BE SURE TO READ PAGE 902 It Tells You HOW TO ORDER



We send a very complete instruction book with every Franklin Sewing Machine. With the aid of these instructions the most inexperienced operator can secure good results. The operation of the machine itself and the uses of the various attachments are treated in detail. This book is included without extra charge.

You will enjoy using the attachments we send with the Franklin Sewing Machine. They are made for us by the Greist Company. With the aid of these attachments you can do all kinds of plain and fancy sewing. Use the attachments constantly in your sewing. You can sew things on your machine you formerly had to do by hand.

THE head is the most important part of any sewing machine—of far greater importance than the stand. The head is the part that does the work, and unless it is properly designed and properly constructed your machine can never give satisfaction. All Franklin Sewing Machines are equipped with the Franklin Head. The difference in the price is due to the difference in the cost of the stand and cabinet work.

This head is scientifically constructed. Friction is reduced to a minimum.

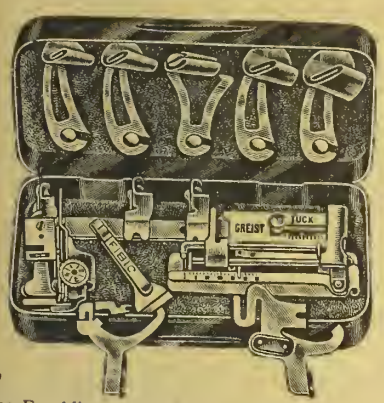
Every part is carefully adjusted to insure smooth, light running. It is handsomely decorated in Egyptian design.

The various parts of this head are fitted and inspected as carefully as the different parts of a watch. The inspection is thorough and frequent. The simple construction of this head permits of very careful adjustment. Every imperfect part is rejected.

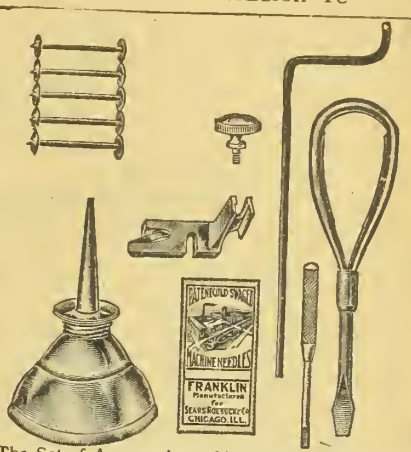
The Franklin is a high arm, double thread, lockstitch type sewing machine. It has a positive four-motion feed, automatic tension release, automatic bobbin winder, independent positive cam take-up and smooth bedplate.

The large space under the arm and the special design of the head make this machine adaptable to all kinds of sewing, either heavy or light materials.

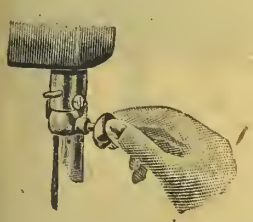
A good sewing machine for the regular family sewing. With ordinary care should last a lifetime. Our Franklin Sewing Machine Head is manufactured and constructed for this purpose. Only high quality materials are used in its construction.



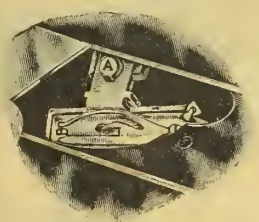
The Franklin Attachments are made by the Greist Company, whose attachments are also used by the makers of well known standard and agency machines. We furnish this high grade set in a velvet lined metal box. It consists of one tucker, one ruffler, one shirring blade, one under braider, one short presser foot, one binder, one bias cutting gauge and one set of four hemmers of different widths up to ⅝ inch.



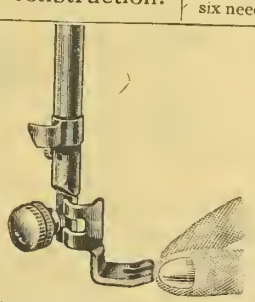
The Set of Accessories, which is furnished without extra charge with all Franklin machines, consists of one quilter, five bobbins (and one in the machine), one hemmer screw, one large nickel plated screwdriver, one small nickel plated shuttle screwdriver, an oil can filled with oil, one foot hemmer, one package containing six needles, assorted sizes (and one in the machine).



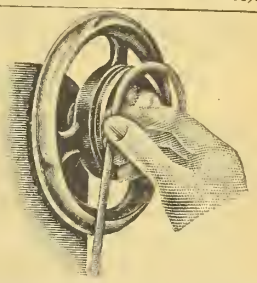
You can change the needle without using a screwdriver. Every woman using a sewing machine recognizes the advantage of having a thumbscrew needle clamp.



By means of the automatic shuttle ejector the shuttle can be easily removed by pressing ejector "A." This lifts shuttle at "B" so that it can be easily taken out.



The presser foot fits solidly in place. It cannot move sideways once it is fastened. This avoids breaking and bending needles from striking the foot.



The belt is on the outside of the wheel. When you want to raise the head for oiling you can remove the belt without rising from your chair. This is a great convenience.

The Franklin Electric

The Franklin Electric as a Parlor Table.

$39.95

A Sit-Right Machine That Runs It

The Franklin Electric is a new development in sewing machine industry—a machine that runs itself. Also, it is a Sit-Right machine, which means absolute comfort when you sew. In addition it is a beautiful table when not in actual use as a machine. The illustration to the left shows how the machine looks when closed. It can be used either as a parlor or library table or as a writing desk. Every woman who has electricity in her home will want one of these splendid machines. It costs only about ½ cent an hour to operate a Franklin Electric.

THE Franklin Electric Table Sewing Machine is self running, and when it is not in use as a machine it is a graceful, attractive parlor or library table. Aside from these two notable exceptions, it is exactly the same as any high grade sewing machine; you have nothing new to learn in operating it.

The Franklin Electric is simplicity itself. The change from table to sewing machine can be made instantly. It takes but a moment to raise the lid, lift out the sewing machine head, connect the treadle chain, screw the plug into an electric light socket and start to sew.

Press gently on the treadle and the machine is running; increase the pressure on the treadle and you increase the speed. To stop, remove all pressure on the treadle. You can run the machine as long and as fast as you please. You can also do twice the sewing in half the time and with very little exertion.

There are compartments for the attachments, accessories, treadle and cord, so everything is together when you want it.

As a Desk.

A Sit-Right Franklin

This machine is equipped with the famous Franklin Head, which is fully described on page 539.

The Motor

The motor is a part of the machine, built into the head, not an attachment. It is hardly bigger than a man's fist, powerful and perfectly constructed; there is nothing to get out of order and it needs no adjustment.

You will get a great deal more satisfaction out of this electric sewing machine than you will in attempting to attach a motor to your old machine. This motor is entirely hidden from view, out of the way. It costs about ½ cent an hour to operate.

The Construction

The Franklin Electric Table is beautifully made by experienced cabinetmakers. It is constructed of specially selected quarter sawed oak and is finished in the beautiful and popular golden oak color. The design is graceful and well proportioned, and the table is entirely suitable for any home in the land. It is made and finished as any high grade piece of furniture should be—for it is that, in addition to being an exceptionally fine sewing machine.

ORDER the Franklin Electric, enclosing our price, and give it a good and thorough test in your home for three months. Determine for yourself the qualities of the Franklin Electric as a sewing machine. Then add its value as a practical table or desk. If, after a three months' trial, you are not convinced that the Franklin Electric is worth more than you paid for it, or if it is unsatisfactory in any way, send it back. We will immediately return your money, together with the transportation charges you paid.

The Franklin Electric is guaranteed against defective workmanship or material for a period of twenty years.

In ordering give voltage of the electric light current you use and state whether you have direct or alternating current. If alternating current is used, find out from your electric company the number of cycles. The Franklin Electric can be furnished for either direct or alternating current of 110 to 120 volts, 60 cycles, the usual city current. Be sure to tell us what current you use when ordering.

The Sit-Right Franklin

THIS Sit-Right Franklin is a six-drawer machine, equipped with automatic lift, ball bearing stand and metal pitman. It is unquestionably one of the best machines of its kind made. It is solidly constructed of genuine quarter sawed oak, finished in a rich golden color. The design is artistic and dignified and will appeal to women who like beautiful furniture.

From a mechanical standpoint this machine is all that could be desired. On page 539 the famous Franklin Head, together with some of the Franklin features, is described in detail.

In addition to the good points this machine possesses when compared to the ordinary machine, remember that it is a comfortable Sit-Right Franklin, so called because you sit directly in front of your work. This is a feature of vital importance, for sewing is not nearly so tiresome when the sidewise strain and unnatural muscular effort are eliminated, and the Sit-Right Franklin does away with these entirely.

This machine is sold complete with all necessary attachments and accessories. An 18-inch measure is transferred on table in front of the head.

Real Tests Prove Worth of the Franklin.

Designed for Those Who Want Conservative and Attractive Furniture.

Instruction Book Included With Machine.

Attachments and Accessories Make Plain and Fancy Sewing Easy.

A Conservative Design

THIS six-drawer Sit-Right Franklin is made of specially selected quarter sawed oak in polished golden finish. It is equipped with automatic head lifting device, ball bearing stand and metal pitman. In design it is conservative and very attractive. It has no elaborate decorations and is a very desirable model for those who like plain furniture. The six drawers are enclosed in cases and have wooden knobs. An 18-inch measure is transferred on the top of the table directly in front of the head, a convenient place for constant use.

This is a Sit-Right Franklin, which means that you sit directly in front of your work. It is equipped with the famous Franklin Head, which is described in detail on page 539.

We guarantee the Franklin for twenty years against defect in workmanship and material. You can order this machine, enclosing the full purchase price, and use it in your home for three months. If at the end of that time you are not thoroughly satisfied we want you to send it back. We will then return your money, together with all transportation charges you paid.

QUICK SHIPMENT will be made on this Franklin Sewing Machine from one of the following cities, the one nearest to you: Chicago, Ill., St. Paul, Minn., Buffalo, N. Y., or Kansas City, Mo. Please send all orders to SEARS, ROEBUCK AND CO., CHICAGO, ILL.

Make Your Own Clothes; Save Money

An Inexpensive Sit-Right Machine Designed Especially for Home Sewing

$28.50

Attachments and Accessories Are Included

Equipped With Famous Franklin Head; Guaranteed to Be Satisfactory

A Low Priced Franklin

THIS is our lowest priced Sit-Right Franklin Sewing Machine. Our customers should understand that all Franklin sewing machines have the same head, or, in other words, they all have the same sewing equipment. This machine is priced lower than other Franklins because of the plain oak woodwork.

It is a six-drawer machine, equipped with automatic lift, has ball bearing stand, and is strongly made in every way. It is sold you complete with accessories, attachments and instruction book, as explained on page 539. An 18-inch measure is transferred on table in front of the head.

You can order this machine, enclosing our price, try it in your home for ninety days and put it to every possible test. Then if for any reason whatever it is not entirely satisfactory, send it back and we will return all your money, including transportation charges. Although this is an inexpensive machine, you will be agreeably surprised with the splendid quality of the workmanship and material. We consider this one of the best values in our entire line.

Mechanical Perfection and Beauty Combined

Quarter Sawed Oak, Carefully Selected. Finished in Rich Golden Color

A Beautiful Parlor Cabinet

THIS Franklin Parlor Cabinet Machine is equipped with the regular Franklin Head and ball bearing wheel. It is easy running, has the automatic lift and a convenient compartment for holding attachments, accessories, thread, supplies and other things needed in sewing.

The famous Franklin Head is described in detail on page 539. You can slip the belt from the hand wheel in an instant because the belt pulley is on the outside of the wheel. The shuttle can be removed very easily by pressing the button on the shuttle ejector. The automatic tension release on the Franklin eliminates bent or broken needles.

These conveniences, combined with many others, make this parlor cabinet machine one of exceptional value. It is made of quarter sawed oak polished and rubbed in the golden finish. Guaranteed for twenty years and sold to you with the privilege of returning any time within ninety days in case it proves unsatisfactory. Read page 538.

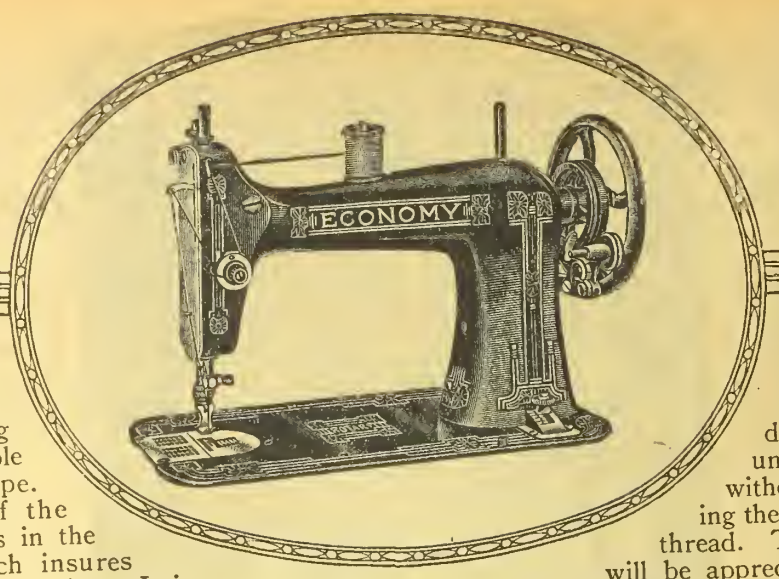
The Economy Rotary Instruction Book will enable any woman, whether she has had previous experience or not, to do satisfactory sewing. Use of the attachments and accessories is also fully explained in this book. With the aid of these attachments you can do a great deal of fancy sewing on your machine.



You can try any Econo Rotary Sewing Machine in y home for three months. Send your order, enclosing the purchase price. Try the mac ninety days. Then if you lik keep it. If the machine satisfactory send it back and will return your money, inclu transportation charges.

THE Economy Rotary is a high grade, high arm, light running sewing machine of the double thread lockstitch type. The superiority of the Economy Rotary lies in the rotary shuttle, which insures rapid and accurate stitching. It is very simple to operate—very easy to understand. There is nothing to get out of order and nothing demands attention.

To thread the machine and regulate the upper and lower tensions is very simple. The Economy Rotary Head is ornamented with old gold color in a special design, which, in contrast to the black enameling and the bright nickel plated trimmings and graceful outlines, makes it a very handsome head.

The Economy Rotary runs smoothly and quietly, and because of the continuous rotating motion, sews much faster than our ordinary machine. And no matter how rapidly you operate it the machine always makes a perfect stitch. It is a highly perfected machine.

By raising the presser foot all tension on the thread is released and you can draw the work from under the presser foot without bending or breaking the needle or breaking the thread. This important feature will be appreciated by dressmakers and housewives who have a great deal of sewing to do.

It is also provided with a bobbin winder which automatically stops winding the thread when a sufficient quantity is on the bobbin. On top of the Economy Rotary Head are two spool pins, which make it very convenient when it is necessary to wind a bobbin.

We positively guarantee that a person never having used a sewing machine or attachments will quickly learn to operate the Economy Rotary with no trouble whatever. The manner of operation and complete detailed instructions showing how to operate the machine and use all the various attachments are thoroughly explained and illustrated in the Economy Rotary Instruction Book which we send with each Economy Rotary Sewing Machine.

The Economy Rotary Attachments.

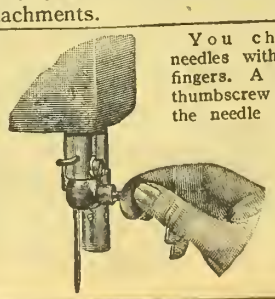
The attachments we furnish with the Economy Rotary Sewing Machine are made by the Greist Company, whose attachments are well known and are used on high grade standard machines. We furnish this high grade set in a velvet lined metal box without extra charge. The set consists of one tucker, one five-stitch ruffler, one shirring blade, one under braider, one short presser foot, one binder, one bias cutting gauge, a stitch awl and one set of five bemmers of different widths up to ⅞ inch.

The Rotary Hook.

The Rotary Hook receives the bobbin. The hook is attached to the end of the shaft, which moves with a revolving motion in perfect time with the needle. There are no dropped stitches with the Economy Rotary—no clogging—no stopping of the machine. This type of shuttle mechanism is simplicity itself. It is made by the latest types of automatic machines and is turned out of a solid bar of special steel. There are no springs or supplementary parts to cause trouble or get out of order. It is casehardened in oil.

You are sure to find one of the Rotary Machines in a design you like—and we are sure you will like the way the Rotary sews. During the comparatively short time we have been selling this type of machine, thousands of our customers have purchased them. Without exception they have been greatly pleased with the sewing qualities of the machine, as well as with the superior cabinet work. We believe any woman who considers buying a machine will do well to try this Rotary; if it is not satisfactory it may be sent back and your money will be returned to you.

Women everywhere are learning to use their sewing machine attachments. The attachments we furnish with the Economy Rotary are made by the Greist Company, perhaps the best known manufacturers of sewing machine attachments in the country. A great deal of sewing you had formerly thought necessary to do by hand can be accomplished to your entire satisfaction by the use of these various attachments.



You change needles with your fingers. A simple thumbscrew holds the needle firmly.

The Economy Rotary Accessories.

The set of accessories which is furnished without extra charge with the Economy Rotary machines consists of three bobbins (and one in the machine), one gauge screw, one cloth guide gauge, six needles, one foot hemmer and feller, one oil can filled with oil, two screwdrivers and a quilter. These accessories will enable you to keep your machine in first class condition without difficulty.

The Rotary Bobbin Case.

The Rotary Bobbin Case controls the lower thread tension. The adjustment and control on the Economy Rotary is simplicity itself. The tension spring on the bobbin case is adjusted so that practically all the ordinary family sewing may be done without changing the lower tension. The Rotary Bobbin which fits in this case is round in shape and holds a greater quantity of thread than the ordinary type of bobbin. The bobbin is easily filled, as the Economy Rotary Sewing Machine is provided with an automatic bobbin winder which stops when a sufficient quantity of thread is on the bobbin.

Comfortable Sewing Assured With Economy Rotary Sewing Machine

Six-Drawer Economy Rotary

ON THE preceding page we give a complete description of the Economy Rotary Sewing Machine Head and some of the features of our Economy Rotary Sewing Machine.

The Economy Rotary is a high grade, high arm, light running sewing machine of the double thread lockstitch type. It is very simple in operation. It sews fast, smoothly and quietly.

The woodwork of this machine is of carefully selected quarter sawed oak in the beautiful golden finish. The ornaments of pressed wood are attractive and harmonize perfectly with the design of this handsome machine. An 18-inch measure is transferred on the top of the table directly in front of the head, in a convenient place for constant use.

This model has six drawers, all enclosed in drawer cases, making them practically dustproof. It also has the automatic head lifting device. The ball bearing stand and metal pitman make this an exceptionally quiet and light running machine.

A Cabinet of Unusual Design

IN DESIGN and mechanical construction this splendid Parlor Cabinet Economy Rotary Sewing Machine is all that could be desired. The cabinet is built on graceful lines, and when closed it practically loses its identity as a sewing machine. The panels on the side of the cabinet, as well as the large door panels, are made of built-up stock, with specially selected quarter sawed oak veneer for the outside. The rope moldings on the doors are the genuine twisted rope moldings usually found only on the highest grade period furniture.

This Parlor Cabinet is fitted with the regular Economy Rotary head, which is illustrated and described on page 546. It also has a ball bearing balance wheel, which gives the same rapidity of action and ease of operation as the ball bearing arrangement of a bicycle. The entire machine is simple in construction, and all parts are easily accessible should there ever be occasion to replace anything. By means of the ball bearings friction is reduced to a minimum and the operation of the machine is made a real pleasure A nickel plated steel pitman is supplied with this cabinet. An 18-inch measure is transferred on the table.

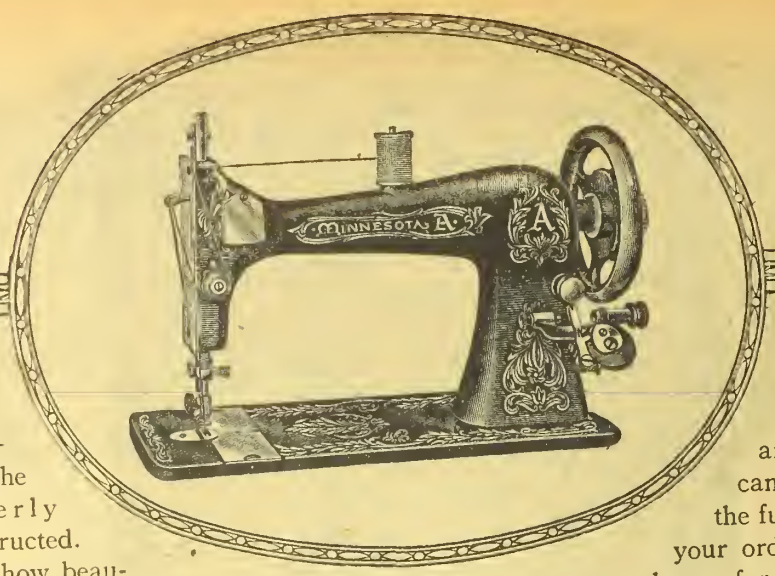
nplete Information About Freight and Express Shipments, Read Pages 999 - 1025

The Minnesota Model "A" Sewing Machine is a family machine, and with ordinary care it should last a lifetime. It is designed and manufactured as a home sewing machine, and as such will give exceptional satisfaction. It is guaranteed for twenty years against defective workmanship.



Make your clothes at ho... You save half the cost, h... better clothes in the style ... like and when you want th... There should be a sewing ... chine in every home—and w... good, dependable machines ... offered at such low prices th... is no excuse for not owning ... Buy a Minnesota!

Before you buy a sewing machine make sure the head—the part that does the sewing—is properly designed and constructed. Otherwise, no matter how beautiful your machine may be, it will not give the sewing satisfaction you have a right to demand. The Minnesota Model "A" Head is strictly up to date in every respect. The illustration above shows the simplicity of its construction. There is nothing to get out of order; it needs no attention. Every piece and part of the head is carefully machined and tested. Inspections are frequent and rigid. No sewing machine head is permitted to leave our factory until we are quite sure it is perfectly assembled. That is why these machines are so highly efficient and durable.

Minnesota Model "A" Sewing Machines are inexpensive when quality and service are remembered. And these machines are guaranteed. You can order one, sending the full purchase price with your order, and try it in your home for three months. Subject it to every possible test; use it for sewing as long and as frequently as you want to; try it on various kinds of work, with heavy and light materials. Then if you are satisfied with your machine, keep it. If not, send it back and we'll return your money, together with shipping charges you paid. In addition to this trial offer the Minnesota Model "A" Sewing Machines are guaranteed for twenty years against defect in material or workmanship. We believe this is as fair a guarantee as you can find anywhere.

Special Features of the Minnesota "A" Head.

Automatic Tension Release. By raising the presser foot all tension on the thread is released and you can draw the work from under the presser foot without bending or breaking needles or breaking the thread.

Extra Strong and Large Feed. Particular attention has been paid to this very important part of the machine. It is a positive four-motion type and has no springs.

Disc Tension. This is another aid and insurance for a perfect stitch.

Automatic Bobbin Winder makes it easy to wind bobbins and insures a perfectly wound bobbin at all times.

Independent Positive Cam Take-Up insures a perfect stitch on all kinds of materials. There is a steady, regular tension which is necessary for an even and perfect stitch.

These are the features which should be considered when purchasing a sewing machine. You can make no mistake in a machine with these features because it must necessarily give satisfaction so far as the working parts are concerned.

Instruction Book.

We furnish without extra charge with every Minnesota Model "A" Sewing Machine a book of instructions, telling you how to operate the sewing machine. This book covers every point, making everything so plain and simple that anyone without previous experience can quickly learn to run the machine and do perfect work; tells you how to get the best results, how to take care of your machine, tells you where to oil and when. It tells you how to use the different attachments, the ruffler, tucker, hemmer and feller and contains illustrations of these attachments in use. In this way you are equipped to make the fullest use of your machine and to get the best results.

Attachments and Accessories

These Greist Attachments Offer an Easy Method of Doing Fancy Sewing.

This Complete Set of Greist Attachments With Every Model "A" Machine.

We Use the Celebrated Greist Attachments.

The attachments for our Minnesota Model "A" Sewing Machine are made by the Greist Manufacturing Company, the largest manufacturing plant devoted exclusively to the manufacture of sewing machine attachments. This illustration shows the Model "A" attachments arranged in metal box. Each attachment may be kept in its particular place, as provided for by the construction of the box. The complete set includes one ruffler, one shirring blade, one tucker, one underbraider, one binder, one short foot and one set of four hemmers, up to 5/8 inch wide. THIS is a very handsome new design in a Minnesota Model "A" Parlor Cabinet Sewing Machine. The top and front are made of selected quarter sawed oak, beautifully polished and finely grained. Carvings on the door and corner posts are unusually attractive; you will also like the sunken panels on sides and door.

The machine has ball bearing balance wheel attached to an extra strong panel fastened to the side of the cabinet. It also has metal pitman and ball bearings, insuring an easy running machine. The automatic head lifting device, while very simple, is perfect in operation. One hand does the work of bringing the head into position ready for sewing or closing the machine when through. An 18-inch measure is transferred on the table in front of the head.

At our exceptionally low price of $29.95, this machine is a real bargain. It is guaranteed against defect in workmanship or material for twenty years and is sold to you on three months' trial. Any time within three months, in case it is not entirely satisfactory, you can return it and we will return all of your money, including transportation charges. Read page 538.

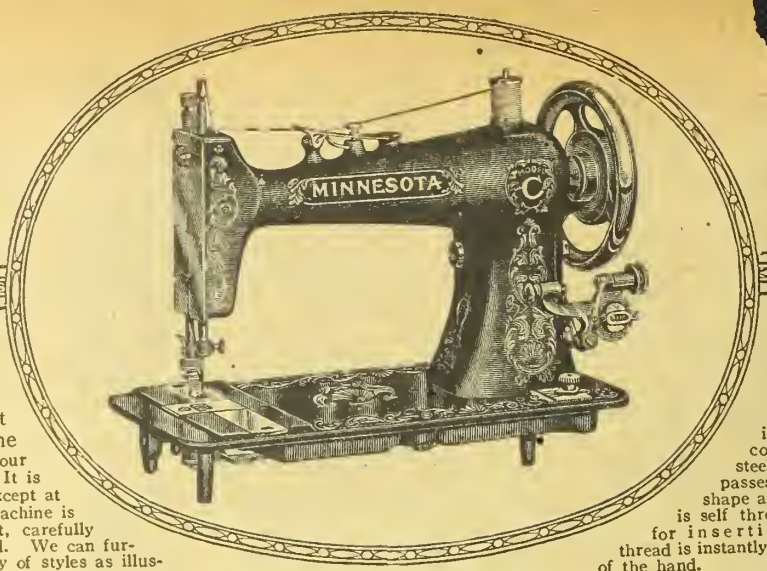
Price.....**$29.95**

A complete instruction book is furnished with every Minnesota Model "C" Sewing Machine, which explains exactly how this machine is operated, how to care for it and how to use the various attachments. Machine sewing is made so simple that anyone can secure satisfactory results, even without previous experience.

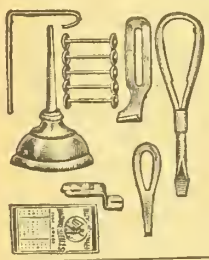


Model "C" ium in price cted that they are ca a large amount of s in an entirely satisfactory ma These machines are well ma good materials and will give faction. If you want an ine sive machine you will make n take in buying the Min Model "C."

The Minnesota Model "C" Head is a high arm type, so that there is plenty of room under the arm. It makes the lockstitch, the same stitch made on most of our high grade sewing machines. It is self threading at every point except at the eye of the needle. The machine is substantially made throughout, carefully and accurately fitted and tested. We can furnish the Model "C" in a variety of styles as illustrated on this and the following two pages.

The Minnesota Model "C" is a silent and easy running machine. All ball bearings and wearing parts are made of steel, specially selected and properly fitted. The tension on this head is placed on top of the arm and consists of two flexible nickel plated steel plates through which the thread passes. The shuttle is cylindrical in shape and made of fine grade steel. It is self threading, being opened at one end for inserting the bobbin, after which the thread is instantly drawn into place by two motions of the hand.

Accessories.

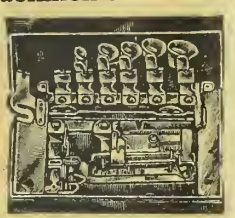


We furnish, without extra charge, with our Minnesota Model "C" machines a complete set of accessories such as are furnished with all high grade machines, consisting of one quilter, five bobbins (and one in the machine), one large screwdriver, one foot hemmer, one oil can filled with oil, one fastening screw, six needles, one shuttle screwdriver.

Minnesota Model "C" Sewing Machines

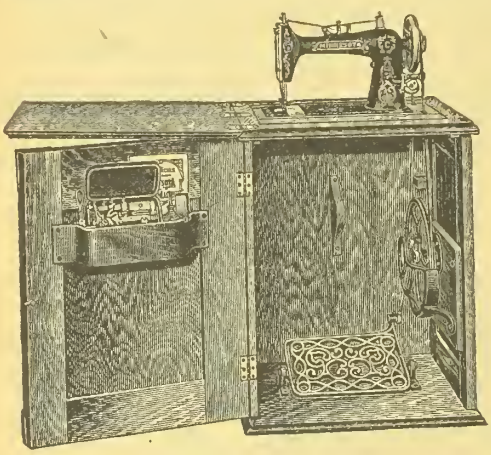
Inexpensive—solid in construction and attractive in design—will make a special appeal to those of our customers who want a medium price machine which is fully guaranteed.

The Attachments



The attachments which we furnish with all Minnesota Model "C" Sewing Machines are made by the Greist Manufacturing Company, the largest manufacturers of sewing machine attachments in the world. The set as shown in the illustration is made up as follows: One ruffler, one shirring blade, one under braider, one tucker, one short foot, one binder and one set of four hemmers of different widths up to 5/8 inch.

Minnesota Model "C" Parlor Cabinet



This handsome parlor cabinet is fitted with the regular Model "C" Head and is a very attractive piece of furniture. It is a cabinet that will harmonize readily with the most select furniture. If you desire a high grade vibrating shuttle machine mounted on a selected oak cabinet you will find in this model an unusual combination of quality and attractiveness at a low price.

$23.75

An Unusually Fine Machine for This Price

This full oak desk cabinet is made of selected quality oak, thoroughly air seasoned and kiln dried. The door is made with specially selected three-ply veneered oak panel, ornamented with handsome design carvings and massive moldings and caps. The inside of the door is fitted with a wooden pocket to hold the attachments and accessories, so they will be convenient for use when the machine is being operated. Fitted with the Minnesota Model "C" Head, which is fully described on this page. A complete set of Greist Attachments and accessories are supplied with this machine.

BALL BEARING BALANCE WHEEL. This cabinet is fitted with a ball bearing balance wheel. By means of the ball bearing construction, friction is reduced to the minimum and the running of the machine is made a real pleasure.

Quick shipment from a warehouse in one of the following cities, the one nearest you: Chicago, Ill., St. Paul, Minn., Kansas City, Mo., or Dayton, Ohio. Send all orders to SEARS, ROEBUCK AND CO., CHICAGO, ILL.

Minnesota Model "C" Sewing Machine

(Crescent Style)

The Minnesota Model "C" Head is fully described on page 554.

The ball bearing stand is exceptionally light running and high grade in every particular and is supplied with a nickel plated ball bearing metal pitman.

THE WOODWORK. The crescent style drawer is always very popular. The material is specially selected, nicely grained plain oak. The table and drawer cases are strongly built, the drawers are large and roomy and a special compartment is arranged in the upper left hand drawer to hold the bobbins and different sizes of needles. The woodwork is finished in a beautiful golden oak color and is highly polished. When machine is open, ready for sewing, front apron folds up under the head so that it is out of the way, making it very comfortable for the operator using the machine.

ATTACHMENTS AND ACCESSORIES. With every Minnesota Model "C" Sewing Machine we furnish a complete set of Greist Attachments and all the accessories, as illustrated and described on page 554.

No. 26N373 Minnesota Model "C" Four-Drawer Drop Head Ball Bearing Sewing Machine, fitted with automatic lift, plain oak woodwork, complete with attachments, accessories and instruction book. Shipping weight, about 125 pounds. Price.. **$22.75**

The Minnesota Model "C" Head is fully described on page 554.

The ball bearing stand is exceptionally light running and high grade in every particular and is supplied with a nickel plated ball bearing metal pitman.

The woodwork is of a new and very attractive design, made specially for the Minnesota Model "C." The material is specially selected, nicely grained plain oak. The table and drawer cases are strongly built, the drawers are large and roomy. The drawer fronts and apron are handsomely decorated with heavy embossings. The drawers are also fitted with handsome wooden pulls. The woodwork is finished in a beautiful golden oak color and is highly polished. When the machine is open, ready for sewing, the front apron folds up under the head so that it is out of the way, making it very comfortable for the operator using the machine.

No. 26N371 Minnesota Model "C" Four-Drawer Drop Head Ball Bearing Sewing Machine, fitted with automatic lift, plain oak woodwork, complete with attachments, accessories and instruction book. Shipping weight, about 125 pounds.

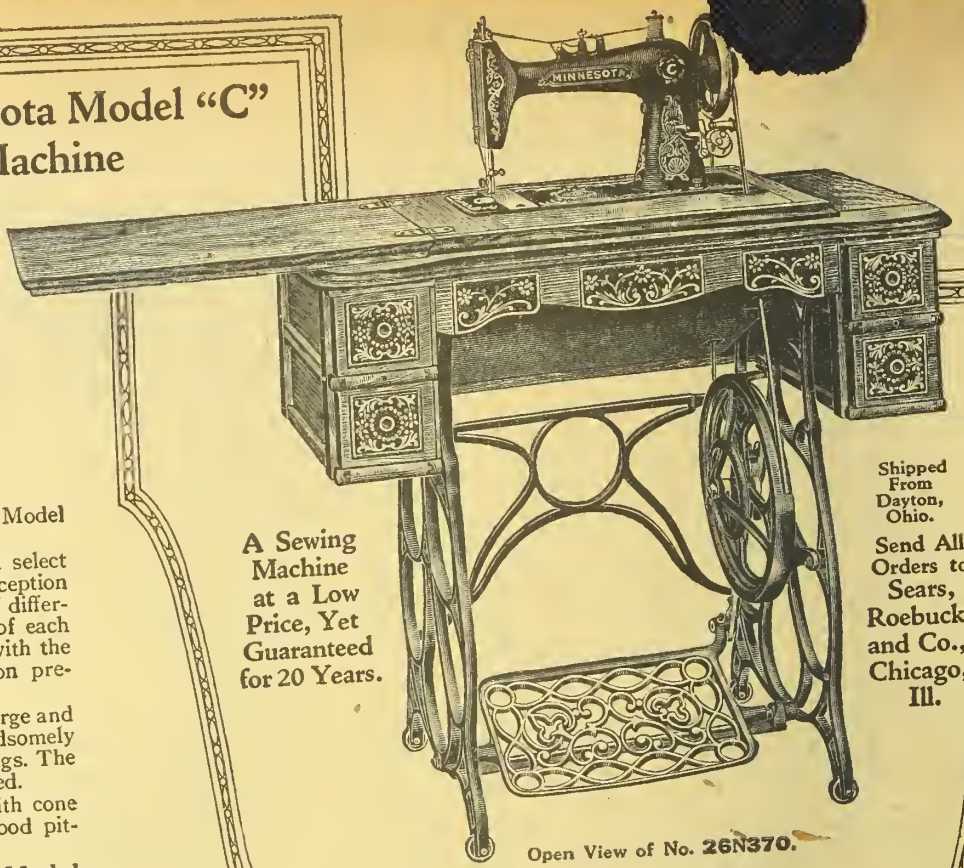
See Page 538.

Four-Drawer Drop Head Style.

$19.75



A Sewing Machine at a Low Price, Yet Guaranteed for 20 Years.

Shipped From Dayton, Ohio.

Send All Orders to Sears, Roebuck and Co., Chicago, Ill.

Open View of No. **26N370.**

The head of the Minnesota Model "C" is described on page 554.

The woodwork is made of a select grade of solid oak, with the exception of the lid, which is composed of different layers of wood, the grain of each layer running at right angles with the layer above. This construction prevents warping and splitting.

The four drawers are very large and roomy. The fronts are handsomely decorated with heavy embossings. The metal drawer knobs are oxidized.

Very light running stand with cone bearing balance wheel and wood pitman.

No. 26N370 Minnesota Model "C" Four-Drawer Hand Lift Drop Head Sewing Machine, with accessories and a complete set of attachments. Shipping weight, about 115 pounds.

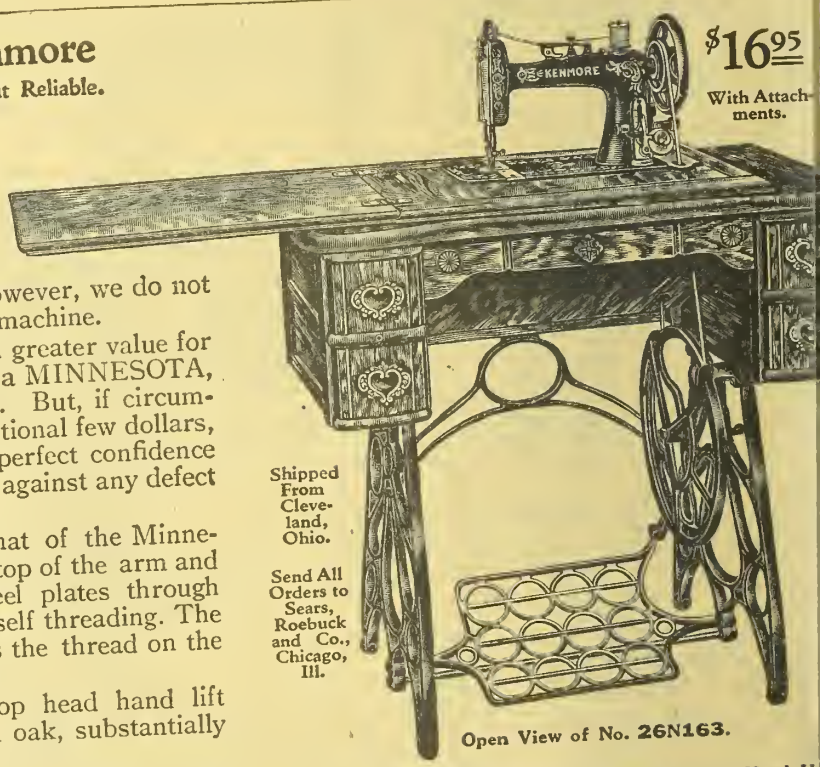
Price.....**$19.75**

The Kenmore

Low in Price, But Reliable.

$16.95

With Attachments.



Shipped From Cleveland, Ohio.

Send All Orders to Sears, Roebuck and Co., Chicago, Ill.

Open View of No. **26N163.**

The KENMORE is a reliable machine, but has a smaller head than the Minnesota machines. But, because there has always been a demand for a sewing machine at an exceptionally low price, we have produced the Kenmore—a very good machine for the money. However, we do not urge or recommend the purchase of this machine.

We are confident you will receive much greater value for a very few dollars more by buying either a MINNESOTA, FRANKLIN or ECONOMY ROTARY. But, if circumstances prevent your spending these additional few dollars, then you can buy a KENMORE with perfect confidence that we will protect you for twenty years against any defect in material or workmanship.

The Kenmore head is smaller than that of the Minnesota machine. The tension is placed on top of the arm and consists of two flexible nickel plated steel plates through which the thread passes. The shuttle is self threading. The bobbin winder automatically distributes the thread on the bobbin.

The Kenmore is a four-drawer drop head hand lift machine. The woodwork is plain solid oak, substantially made. The four drawers are full size.

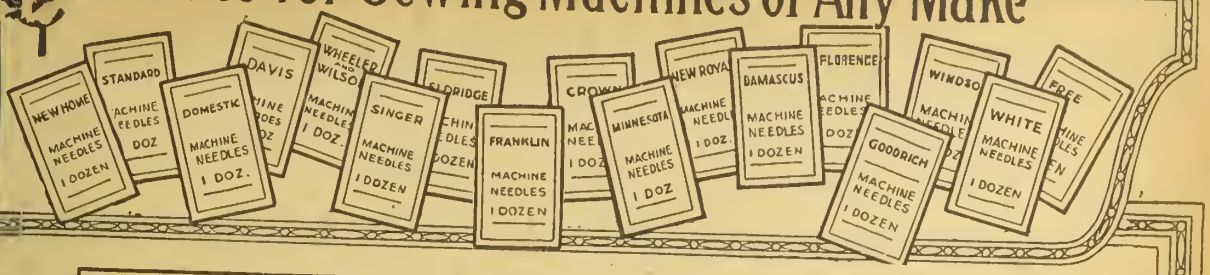
The stand is nicely enameled and is light running. It is not ball bearing. A wooden pitman connects the treadle with the wheel.

We furnish, as ordered, the Kenmore with or without the complete set of nickel plated Greist attachments.

No. 26N163 Kenmore Four-Drawer Drop Head H... Lift Sewing Machine, with accessories.
Price.....$16.

No. 26N163 With complete set of Greist attachmer...
Shipping weight, about 115 pounds.
Price.....**$16.**

20 A DOZEN Needles for Sewing Machines of Any Make



Don't Forget to Send a Sample Needle

Nickel Plated Sewing Machine Needles

It is very important to use only the very best needles. A machine will not give satisfaction if you use poorly made needles. Order your needles from us and get high grade nickel plated needles, guaranteed not to rust.

We do not sell needles for special manufacturing machines.

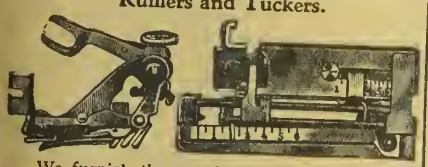
In ordering needles be sure to send a sample stuck in a small piece of cloth or heavy cardboard to prevent its being lost; also mention the name and head number of machine. No order will be filled for less than one dozen needles.

Our needles are put up in packages of twelve, in assorted sizes, and ten of the twelve needles are sizes used for sewing from 40 to 100 thread.

No. 26N306 Sewing Machine Needles. Price, per doz. **20c**

If by parcel post, send 2 cents extra for postage and packing.

Rufflers and Tuckers.



We furnish the genuine Greist ruffler and tucker for all sewing machines which were regularly listed in our catalogs, such as Franklin, Minnesota, Kenmore, Dundee, New Queen, Homan, Belmont, Iowa, Burdick, Edgemere, Howard, etc.

No. 26N890 Genuine Greist Ruffler. Price, each..... **50c**

If by parcel post, send 4 cents extra for postage and packing.

When ordering be sure to mention name of machine and give head number.

No. 26N917 Genuine Greist Tucker for Sears, Roebuck and Co.'s Sewing Machines. Price, each..... **35c**

If by parcel post, send 4 cents extra for postage and packing.

When ordering be sure to mention name of machine and give head number.

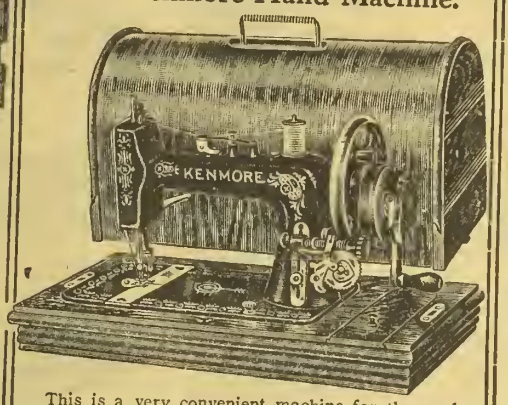
Complete Set Ball Bearings, cups, cones and journal for wheel. Shipping weight, 6 ounces. Price, set.. **.60**

When ordering stand parts give name and head number of sewing machine and send full size drawing of part wanted.

The Kenmore Hand Machine.



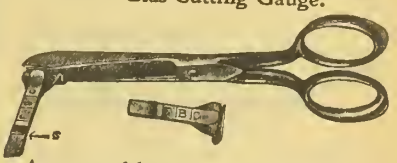
This is a very convenient machine for those who travel and for women who are unable, for various reasons, to operate a treadle power machine. It has the same head as the Kenmore model, described on page 556, and is capable of doing a wide range of work. It is mounted on a wood base and provided with a cover fitted with a handle for convenience when carrying it around.

No. 26N154 Kenmore Hand Machine, with accessories, wood base, with cover. Price.. **$13.00**

Shipping weight, about 65 pounds.

The above price does not include Greist attachments, a complete set of which will be supplied for 75 cents extra.

Bias Cutting Gauge.



A very useful attachment. The Bias Cutting Gauge is used in making up bias bands for the binder for use in home sewing. The Bias Cutting Gauge is also used for cutting net and chiffon for ruchings, cutting straight bands for plaiting and cutting narrow ruffles for baby bonnets and dresses. To use the attachment, place it on the point of the scissors blade as shown in the illustration. By means of the slide "S" you regulate the width of the band.

No. 26N4087 Bias Cutting Gauge. Shipping weight, 1 ounce. Price, each... **10c**

Miscellaneous Supplies for Any of Our Machines.

Instruction Book. Shipping weight, 2 oz. Price, each..... **$0.08**

Presser Foot. Shipping weight, 2 oz. Price, each..... **.20**

Shuttle Carrier. Shipping weight, 2 ounces. Price, each..... **.25**

Shuttle Slide, front or back. Shipping weight, 2 ounces. Price, each. **.15**

Attachments. Shipping weight, 1 lb. Price, complete set..... **1.00**

The complete set of attachments consists of one tucker, one binder, one ruffler, a set of four hemmers, one under braider, one shirring blade and one short presser foot.

When ordering be sure to mention name of machine and give head number.

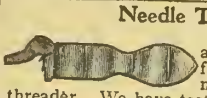
Sewing Machine Oil.

Will Not Stain.

To obtain the best results from your sewing machine, to insure and warrant its always running easy and lasting a long time, you must use good oil. For this reason we have had prepared for us a special extra high grade sewing machine oil and we recommend our customers to include a can of this oil when they purchase a machine. Net contents, 4 ounces. Shpg. wt., 6 oz.

No. 26N4090 Price, per can..... **15c**

Needle Threader.

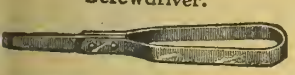


One of the handiest attachments ever manufactured is this sewing machine needle threader. We have tested and compared this needle threader with all other styles on the market and guarantee it to be as satisfactory as any needle threader manufactured. By means of it you can thread the needle quickly without straining your eyes and without pushing the machine from one part of the room to the other so that the light will properly strike the eye of the needle and enable you to see the eye.

No. 26N4060 Needle Threader. Price, each..... **15c**

If by parcel post, send 2c extra for postage.

Screwdriver.



Metal Screwdriver, 4½ inches long, nickel plated.

No. 26N4049 Screwdriver. Price, each..... **5c**

If by parcel post, send 2 cents extra for postage.

Shuttle Screwdriver.

Nicely nickel plated and highly polished Shuttle Screwdriver. Will fit any shuttle.

No. 26N4050 Shuttle Screwdriver. Price, each..... **5c**

If by parcel post, send 1 cent extra for postage.

Bobbin Winder Rubbers.

No. 26N1880 Bobbin Winder Rubbers. For all family sewing machines. **When ordering be sure to mention name of sewing machine.**

Price, each..... **5c**

If by parcel post, send 2 cents extra for postage.

Belts.

No. 26N4046 Sewing Machine Belts. Genuine oak tanned leather, guaranteed to give satisfaction.

Long enough for any sewing machine.

Price, each, complete with hook..... **18c**

If by parcel post, send 2 cents extra for postage.

Shuttles and Bobbin Case

The illustrations below are exact reproductions and are full size. Be sure to compare your old shuttle or bobbin case with the illustrations before ordering.

We can supply shuttles and bobbin cases for nearly all makes of family sewing machines. If the name of your machine is not listed below, write us mentioning the name and head number and we will tell you the style to order.

All manufacturers have made changes in their machines, so that in ordering it is necessary to mention the name and head number of your machine and our catalog number as shown below. In addition to sending the price of shuttle or bobbin case, include 4 cents extra to pay for postage, if by parcel post.

In some cases it will be found necessary to move the shuttle carrier to the right, so that the new shuttle, which is always a little larger than the worn shuttle, will fit properly. This applies to vibrating shuttle machines.

Your Money Returned, Including Transportation Charges You Paid, If We Fail to Satis

Our Great Dry Goods Department

Is prepared to give you the same measure of service as always. Extraordinary conditions have made it difficult to secure the necessary supplies of dry goods, but notwithstanding these conditions we, many months ago, made our preparations for supplying your needs for the Fall and Winter. Our stocks are large, variety great and styles up to the minute. All kinds of dry goods are very scarce. We are prepared to give you the same measure of service as we have in the past, and careful consideration of our prices will convince you of the merit of our offerings. As an example, on this page we have taken four representative values from our big dry goods department. You will find these offerings, as you will find all our dry goods, economically priced. Any dry goods purchased from us are guaranteed to be full value for the money received.

Paper Pattern. For those wishing a pattern for the style illustrated on this page, same can be ordered under No. 39P3132. Sizes, 16 to 20 years. State size. Price, postage paid, 9 cents.

Your Choice of These Four Staple Cottons

Quality, Value and Price

Are the three fundamental reasons for the continued popularity of the blankets shown on this page.

Made especially for us by the largest mills in the country, their quality is dependable and each blanket will come to you exactly as described. In addition, our guarantee affords you the opportunity to examine these blankets in your own home and thus become convinced that here, indeed, you will find quality pre-eminent.

At a time like this, above all others, value is one of the big problems in merchandise. There is no skimping on these blankets. The value is there. They are woven from a fine stock of pure cotton and are finished with colored borders and lockstitched ends.

The immensity of our blanket business, combined with the advantages of our purchasing power, enables us to offer you these blankets at extremely low prices. We advise you to buy blankets now.

BE SURE TO READ PAGE 902. It Tells You HOW TO ORDER.

WOOLNAP BLANKETS

Warmth.

olnap Blankets k and Feel Like Wool.

Woolnap Blankets Look and Feel Like Wool.

Standard Plaid Woolnap Blankets.

Plaid Woolnap Blankets are among the most popular nbers in our line. They are made with the same care under which Woolnap Blankets are manufactured, resulting in a splendid wear- blanket. The soft woollike nap, from which they derive their name, es lots of warmth and assures you of a blanket which will keep you comfortable under all conditions. These illustrations, made from actual photographs, give only a faint idea of their soft, beautiful colorings. They come in gray, pink, tan, or blue as shown. We list them in three sizes to cover all needs. In ordering give catalog number of size wanted and be sure to state which color you prefer.

The above label is our pledge to you that the Falcon Brand Blankets are made from pure selected long staple wool. Not a particle of cotton is used in their manufacture. These blankets have such exceptional merit that we have made the label shown above our guarantee to satisfy you completely. The carefully selected wool insures durability, and being thoroughly shrunk in the finishing process they wash perfectly. The deep, soft nap gives utmost warmth. Falcon Brand Blankets have been sold by us for the last twelve years, and have given complete satisfaction to our customers. Order a pair or two of these blankets, and examine them carefully. If you are not satisfied that they are exceptional values, send them back to us, and we will immediately return your money or exchange for other goods whichever you wish. All blankets listed above are the same quality the different prices being determined by the size and weight only.

"Falcon" is our own trade mark, registered in the U. S. Patent Office.

"Launderite" on sheets and pillowcases is a mark of quality, an assurance of value and a guarantee of satisfaction.

"Launderite" Sheets and Pillowcases, distributed only by Sears, Roebuck and Co., are uniform in quality, and, as the name implies, they will launder perfectly. Each sheet and each pillowcase is torn by hand, thus guaranteeing that they will be straight after they have been laundered.

"Launderite" Sheets and Pillowcases are made from good cotton sheeting of just the **right weight**—light enough for easy washing and heavy enough to stand the test of wear. Free from weighting and excessive starch. They look good, and are good. They are neatly hemmed and the selvages are absolutely fast, so there can be no raveling.

They are made in a clean, daylight factory, under the most sanitary conditions, and the manufacturer is ever watchful that the quality be uniform.

"Launderite" Sheets and Pillowcases, offered under our own trade mark, registered in the United States Patent Office, embody all that is desirable in sheets and pillowcases.

10c A DOZEN

Buttons to Match Dress Materials Bought From Us.
When ordering buttons add 10 cents for each dozen of buttons and be sure to order size wanted according to number shown. You can order as many dozens of each size as you wish, but we do not fill orders for less than one dozen buttons in any one size. It is always best to order a few inches extra of dress material, as we have to make the buttons from your goods. These buttons must be ordered at the same time dress materials are ordered and only to match goods with a catalog number prefixed by 36. Weight, per dozen, about 1½ oz.
For buttons made of all silk or woolen dress goods refer to page 616.

SNOW WHITE SHAKER FLANNELS

Pure Bleached Snow White Cotton Shaker Flannels of more than ordinary value. Shaker flannels become tender and wear out quickly if the raw cotton used in the yarns is not of long staple cotton. Realizing that this tenderness is often the cause of dissatisfaction, we have carefully selected four cloths, which not only give our customers a wide range of prices from which to select, but also enables us to give a good value from the cheapest to the best number. Made by the foremost cotton mills of America. Carefully woven and then given a soft, even fleece nap on both sides. Sold only in 10-yard bolts.

No. 36N3601 Price, 10-yard bolt for..... **$2.13**

SHIRTING FLANNELS
WOOL AND WOOL MIXED

A new line of popular Flannels. The shortage of woolens, of which you are no doubt aware, prompts us to bring to the attention of our customers the unusual conditions surrounding the flannels offered on this page. Had we not bought liberally of these goods many months before this catalog went to press, the price we quote here would not be possible, as the mills in many cases are now unable to manufacture these goods at the price at which we offer them to you. In fact, woolen fabrics, particularly shirtings, are almost unobtainable. But we have gathered together a wide selection of plain weaves, checks, stripes and twills of varying weights and widths, suitable for all purposes, such as shirting, children's wear, jackets, underwear, miners' or mill workers' shirts, particularly for household or outdoor purposes. These are all guaranteed to be satisfactory and reasonably priced.

Twilled Flannel.

FLAXON FABRICS

Flaxon fabrics are given what is called a linen thread finish, more commonly known as a high and thorough mercerizing process, making the goods beautifully lustrous, snowy white, and giving them an evenness of finish very similar to fine all linen fabrics. In addition to the manufacturer's guarantee we freely add ours, guaranteeing these goods for their serviceability, appearance, quality and value. Flaxon is beautiful, fine and is good value in any quality you select.

Don't risk injuring the beautiful top of your table when asbestos pads cost so little. Samson Asbestos Pads or Protectors are heatproof and moistureproof. They are made of sheet asbestos and wool felt, treated so as to make them waterproof. Our pads are covered on both sides with napped cream color flannel aud will not scratch the most highly polished surface. These asbestos pads are well made, durably bound and will wear a long time. Constructed in two parts, fold up compactly when not in use and can be put away in the drawers of sideboards.

If we do not list a pad or leaf in a size to fit your table, we will have it specially made for you at a price equal to the next larger size quoted. Allow 10 days to make. We cannot furnish leaves wider than 12 iuches.

A woman's handkerchief of this nature is a readily recognized bargain at any time. It is the result of a very fortunate purchase made before the large advance in price of cotton goods. It is made of fine combed yarn, which gives it the sheerness necessary for a good handkerchief. The designs are daintily embroidered and very attractive in appearance. The picot overlocked fast edge is made with a good quality mercerized yarn in rich colorings and are furnished in white, pink and light blue. This is one of the best utility handkerchiefs we could possibly offer you. Sold by the dozen only, containing two white, one pink and one light blue of each of the three patterns illustrated. Shipping weight, 5 ounces.

The lace industry is a very old one and its history is filled with many events which you should know about. The process of manufacture is exceedingly interesting. If you want to know things, read page 537 of this catalog.

Semi-Made Nottingham Lace Corset Covers or Camisoles.

No. 25N930 A quickly made, rich appearing corset covering or camisole. Made in attractive filet designs. Requires no cutting or fitting, as the lace is made in one piece, requiring only three yards of ⅝-inch ribbon to complete the garment. The lace is in 1¼-yd. lengths with four Van Dyke points that meet over the shoulders from front and can be fastened with ribbon bows or sewed together and left plain. The whole garment can be easily laundered by drawing out the ribbon. Comes in one length only, but will fit all sizes up to 42 inches bust measure. Color, white. Shipping wt., each, 5 oz. State letter indicating pattern preferred.

Imported Nottingham Pillow Lace.

Another attractive pattern in popular Pillowcase Lace. Sold only in 12-yard pieces. Color, white only.

No.	Width, About	12 Yards

ress Forms, Braids and Trimmings

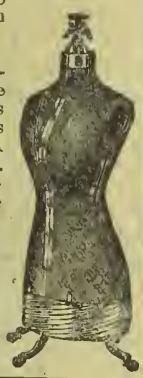
"Progress" Adjustable and Collapsible Dress Form

We have made this form collapsible, which reduces it to one-half its original size, making it a great space saver.

The upper part of our "Progress" Form is made of papier mache, covered with black jersey cloth, to which the dress material can be pinned and draped while working or fitting. The entire form is mounted on a heavy steel extension standard, which permits the raising and lowering of form to any desired skirt length. Fitted with casters so the form can be easily moved about the floor. The skirt frame is constructed of strong flat flexible steel bands, which makes it practically indestructible.

The tension slide adjustment permits each and every section to be adjusted independently for every woman's measurement, even for deformities. The skirt can be full through the hips and narrow at the bottom.

Full directions to operate with each form.



No. 25N5164½ "Progress" Adjustable and Collapsible Dress Form. This form is made in styles A and B. Style A when closed is 34 in. bust measure and extends to 44 in. Style closed is 36 inches bust meas- extends to 48 inches. **Be sure style wanted, whether A or** pping weight, 35 lbs. each..... **$10.95**

Service Brand Wool Hand Knitting Yarns

$2.69 for Four Skeins

Service Brand Wool Hand Knitting Yarns

Come in the following colors: Khaki, dark gray, light gray, navy blue and natural (undyed). The light gray and the natural shades are used extensively for knitting socks. The khaki, dark gray and navy blue are used for sweaters, helmets and wristlets.

No. 25N4663 Service Brand Wool Hand Knitting Yarns.

Price, Four Skeins,

$2.69

Shipping weight, 1¼ pounds.

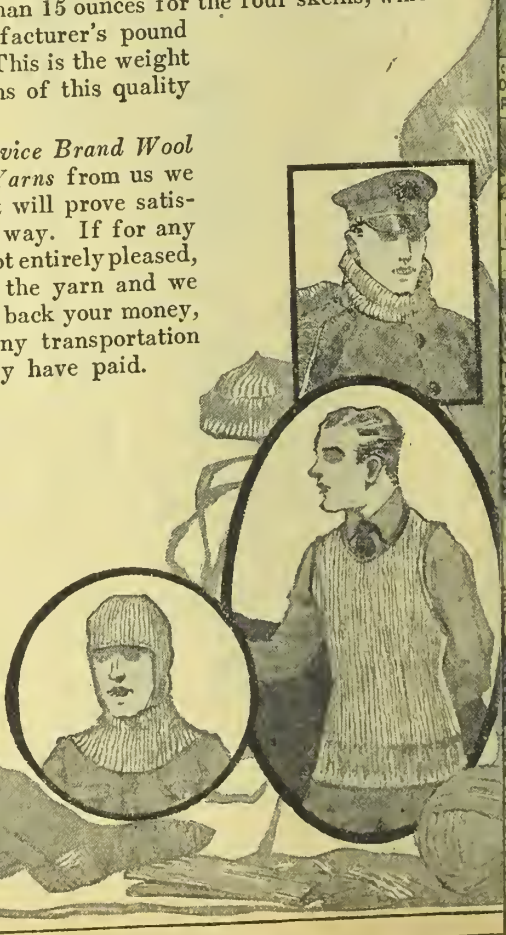
OUR Service Brand Wool Hand Knitting Yarns embody all the *quality* we know how to put into a wool yarn. We have exercised the utmost care in the selection of the raw wool, so as to insure an evenly spun thread, avoiding imperfections, still retaining all the loftiness of the live wool.

Service Brand Wool Yarns will knit evenly and easily. Our customers can absolutely depend upon it. We guarantee Service Brand Wool Yarns to give all the satisfaction in comfort and durability to the wearer that is implied by the words *highest quality.*

We are offering our Service Brand Wool Hand Knitting Yarns at $2.69 per pound, a price that speaks for itself. We are sure that the services of the women of this country will be more necessary this year than last. With a possible scarcity of wool knitting yarn, we feel that we can be of real service to our customers by furnishing them a wool knitting yarn of guaranteed highest quality at a price that means a substantial saving.

A pound of Service Brand Wool Yarns consists of four skeins. Each skein weighs about 3¾ ounces, a total of not less than 15 ounces for the four skeins, which is called a manufacturer's pound weight in yarn. This is the weight at which all yarns of this quality are sold.

In buying Service Brand Wool Hand Knitting Yarns from us we guarantee that it will prove satisfactory in every way. If for any reason you are not entirely pleased, you may return the yarn and we will gladly send back your money, together with any transportation charges you may have paid.



Upon request, we will mail you our Knitting Instruction Book No. 25N1. It shows how to make the regulation seamless socks, sleeveless sweaters, wristlets, military helmets and lists the necessary amounts of yarn for each article described.

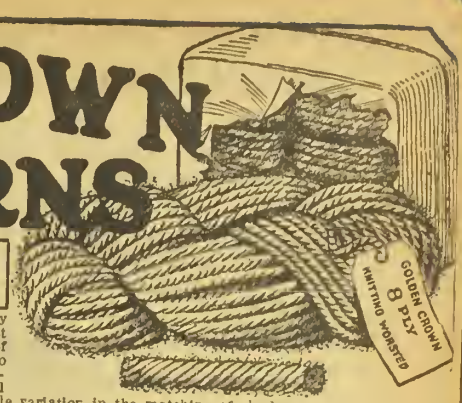
GOLDEN CROWN KNITTING YARNS



When reordering yarns bought from us, when you desire an exact match of color, be sure to enclose a sample.

These splendid yarns are to thousands of women a standard of quality and value. They are especially manufactured for us from the best quality of selected raw wool, very evenly spun and corded. They are lofty, elastic and possess every wearing quality. **Crown Yarns cover the entire range of knitting requirements.** In the line an ideal yarn for every purpose, from the heavy 8-ply worsted, used for heavy weight army sweaters, to the finest Saxony, used for the daintiest of infants' garments. Be sure to buy enough at one time to complete your work so as to avoid any possible variation in the matching of shades.

Write and ask for free instruction book No. 25N1, giving the specifications of the Red Cross and Navy League for knitting and crocheting articles for our soldiers and sailors.

Our needle books are all imported from England and contain nothing but first quality goods. Needles are being exported from England now only on a Government license which makes them very scarce and the cost very high. We were fortunate in securing our stock before the order went into effect. Buy all the needles you can; you will not regret it.

BUSTER BROWN HOSE SUPPORTERS

Strength Where Strength Is Needed.

It Gives Where It Ought to Give.

The Buster Brown Hose Supporter is recommended by leading authorities as the best hose supporter on the market. It is made along practical lines, having extra wide non-elastic top, which gives a hose supporter strength where it is needed and you can make the adjustments to size without the metal cutting the fabric or lessening the elasticity. The bottom is made of extra wide elastic, which has no great strain to stand, but which gives freely to every movement of the body. The rubber snap buttons on the catch will not tear the hose. All metal parts are heavily nickel plated. Comes in white or black. State color. Shipping weight, per pair, 3 ounces.

No. 25N5023	Children's size.	Length, about 8½ inches.	Price, per pair.....	19c

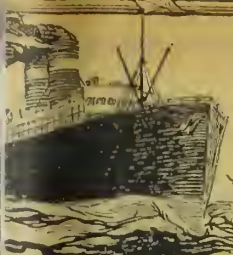
Diamonds



ide from their intrinsic beauty
the value that association places
hem, diamonds have an added
ntage that is not shared by any other pre-
s stone. There is always a ready market for
even after you have had your diamonds
rears.

me has proved that a diamond purchase is
y a good investment. Year by year the prices
hese stones have been steadily rising and
nonetary value of a diamond purchased only
ar or so ago is now considerably greater.
Diamonds never lose their luster; the sparkle
genuine diamond never disappears.
e diamonds here quoted are guaranteed as
tality and the prices will give you an oppor-
y to save money.

here the value of the mounting is small compared
the value of the stone, every diamond that we sell
companied by our Certificate of Guarantee.
nen no certificate is sent as is the case of fancy
ttings where the cost of the mounting is such an
rtant part of the value of the entire item, you are
y protected by our guarantee of full satisfaction or
money back.

Popular Style Mountings in Ladies' Diamond Rings.

Diamond Certificate Issued With All Rings Listed on This Page.

In Ordering Rings Be Sure to State Size Wanted. See Page 710.

When you buy a diamond you want it set in the proper mounting, for only in that way will its true beauty be shown. The Solitaire mounting for ladies' rings, which is illustrated here, is by far the most popular mounting of the day. With this mounting the diamond is shown to greatest advantage. All mountings are of 14-karat solid gold and are of the style shown. We illustrate in the center panel the relative
f stones, so that you may have no trouble in making selection.
s for Ladies' Solitairs Style Rings complete, according to size
ality of diamond you select. See price table below.

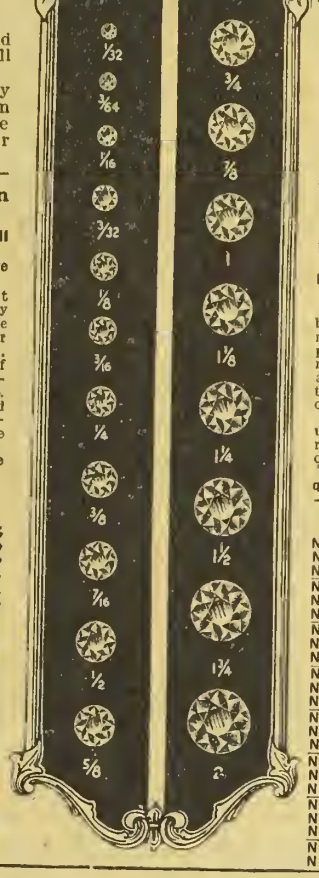
1842	1⅜ carats	468.55	422.25	379.25
1844	1½ carats	509.50	458.25	412.25



In this certificate we ogree that should you for any reason return the diamond within eixty days following purchase, ws will return the full purchase price without question; thot at any time within a year from date of purchase you may return the diamond, and the purchase price, less 10 per cent, will be returned; that within a year after buying a diamond from us you may exchange it for another diamond or article of jewelry at a higher price by paying the difference in cost, provided it is in its original setting and is accompanied by the guarantee.

Examine carefully the stones bought from us, secure expert opinion from a competent judge and you will find that the quality is all that we claim and the price unusually low.

Three Grades of Diamonds.

Diamonds are graded according to their quality. We sell three grades only.

OUR FIRST QUALITY: The choice stones, perfectly cut; of wonderfully fine color, sometimes nearly blue white and very brilliant. The best selections from our imports.

OUR SECOND QUALITY: Just a shade less fine than our first quality stones. None but an expert could tell the difference. The color is sometimes not quite so good. Sometimes there is a slight flaw, not easily discerned by the eye.

OUR THIRD QUALITY: Well cut, brilliant stones. While not so good as our second quality, yet they are free from cracks or conspicuous flaws and are guaranteed to give perfect satisfaction.

Popular Style Mountings in Men's Diamond Rings.

Diamond Certificate Issued With All Rings Listed on This Page.

In Ordering Rings Be Sure to State Size Wanted. See Page 710.

The Tooth mounting has been accepted by authorities as the most desirable for men's diamond rings and is fully as popular with men as the Solitaire mounting is with women. All mountings are of 14-karat solid gold. In the center panel are shown the relative sizes of the stones.

Postage extra on rings, 4 cents, if under $50.00; if over $50.00 will send ring by express if there is an express office at your station. If not, will send ring by registered mail.

Prices for Men's Tooth Style Rings complete, according to size and quality of diamond you select. See price table below.

RELATIVE SIZES OF UNMOUNTED DIAMONDS.

HOW TO ORDER DIAMONDS.

e illustrations of unset diamonds are meant to show only the relative sizes. They
s diamonds slightly larger than the actual sizes. Diamonds are sold by weight,
stone sent out is guaranteed to weigh exactly what its description calls for.
antee safe delivery of any article ordered from us and furthermore we guarantee
le you select to be entirely satisfactory.

rat or 3/100.
s 1/64 carat or 5/100.
rat or 5/100.
rat or 8/100.
s 1/32 or 10/100 to 11/100.
at or 12/100 to 13/100.

5/32 carat or 15/100 to 16/100.
¼ less 1/16 carat or 18/100 to 20/100.
¼ less 1/32 carat or 21/100 to 23/100.
¼ carat or 25/100 to 27/100.
5/16 less 1/32 carat or 28/100 to 30/100.

⅜ less 1/16 carat or 32/100 to 34/100.
⅜ carat or 37/100 to 40/100.
½ less 1/16 carat or 43/100 to 45/100.
½ carat or 50/100 to 53/100.
⅝ less 1/16 carat or 58/100 to 59/100.
⅝ carat or 62/100 to 64/100.

HOW DIAMONDS ARE WEIGHED.

Our diamonds are sold under the metric system of weight, the system adopted by the United States Government. We show the various sizes and the old method of quoting the weight, together with the equivalent under the metric system, for example: 1 carat under the metric system is 100/100. ¼ carat is 25/100. ⅛ carat is about 13/100.

¾ less 1/16 carat or 68/100 to 71/100.
¾ carat or 75/100 to 77/100.
⅞ less 1/16 carat or 79/100 to 82/100.
⅞ carat or 87/100 to 90/100.
1 less 1/16 carat or 93/100 to 95/100.
1 carat or 100/100 to 102/100.

THE RINGS shown on this page are 14-karat solid gold, well made, popular and attractive designs. See page 665 for a full description of the quality of diamonds we have to offer and what a liberal guarantee certificate we give with each diamond. The diamonds are our first, second or third quality, according to your choice, and not only full value for the price you pay, but also afford you a very substantial saving. Diamonds are sold by weight, and though the illustrations are slightly larger than the actual size, each stone we quote is guaranteed to weigh as listed and **accompanied by our certificate of guarantee.** Articles will be sent by express if over $50.00 where there is an express station, otherwise by registered mail.

Be sure to mention size of ring wanted.

WE PARTICULARLY wish to call your attention to the Rings listed on this page. The styles selected are not only most modern and fashionable in design, but are splendidly made, well finished and guaranteed to give you absolute satisfaction; you likewise have a variety of a choice selection in either 14-karat white gold, filigree 14-karat gold, the new fancy setting hand chased or the fancy setting engraved ring. The rings range in price for anyone who desires an appropriate gift for any occasion. Our certificate of guarantee accompanies each ring except Nos. 4N5518, 4N5530 and 4N5546 to 4N5558. Be sure to state size of ring. Articles over $50.00 will be sent by express where there is an express station, otherwise by registered mail

Dependable Timepieces – Priced Low

Men's 12-Size, Nickel Composition, Solid Silver, 10-Year and 20-Year Gold Filled Cases, With 7 and 15-Jeweled Imported, 7 and 15-Jeweled Elgin, Hampden or Waltham Movements, Open Face or Hunting Style.

The solid gold and gold filled watch cases we offer in this catalog are made by the most representative makers in America. The maker's name and guarantee are plainly stamped on the inside of each case. In addition, our liberal guarantee on the inside front cover of this catalog assures your complete satisfaction.

We show two types of open face watches; screw back and screw bezel, in which the back and front screw; and the swing ring type, similar to Nos. 4N14918, 4N14920 and 4N14922, and Nos. 4N14932, 4N14934 and 4N14936, in which the front bezel screws and the back of the case is solid. The small illustration at the side of the case shows the style in each instance.

The prices quoted on the monogrammed watches include engraving. **Be sure to state letters desired, and also give choice of movement where more than one is listed.** Shipping weight, 8 ounces.

We Guarantee Everything We Sell to Give the Service You Expe

Gold Filled Watches Guaranteed

Men's 12 Size

Men's 12-Size Watches, 20 and 25-Year Guaranteed Gold Filled Cases, With Elgin, Hampden or Waltham Movements, Open Face or Hunting Style. Illustrations show exact size.

We quote these watches in four grades of movements: 7-jeweled, 15-jeweled and 17-jeweled, in either Elgin, Hampden or Waltham makes, and 17-jeweled adjusted, in either Hampden or Waltham makes. **Be sure to state movement wanted.**

The open face cases come in two types: Screw back and screw bezel, in which the back and front screw; and the swing ring, like Nos. 4N16500, 4N16502, 4N16504 and 4N16506, and Nos. 4N16516, 4N16518, 4N16520 and 4N16522, in which the front bezel screws and the back of case is solid. The small illustration above the case shows the style in each instance. All 25-year cases have solid gold bows.

The prices quoted on the monogrammed watches include engraving. **Be sure to state letters desired.**

Men's 16-Size

20 and 25-Year Guaranteed Gold Filled Cases, with Elgin, Hampden or Waltham Movements, Open Face and Hunting Style.

The 16-size watch is a size smaller than the 18-size and the exact size as shown in the illustrations.

We quote the watches shown on this page in four grades: 7-jeweled, 15-jeweled, 17-jeweled and 17-jeweled, adjusted. You can have your choice, at the prices quoted, of either the Elgin, Hampden or Waltham makes.

The small illustration above the case shows the style in each instance. All 25-year cases have solid gold bows. Cases will be engraved where shown, without extra charge. **State letters wanted.** Shipping weight, 9 ounces.

OUR GUARANTEE STANDS THE TEST in the Scales of Justice.

WATCH GUARANTEE.

Any watch you purchase from us is covered by our broad guarantee printed on the inside front cover of this catalog, and is guaranteed to give the full amount of satisfaction you have a right to expect for the price you pay. If it does not you may return it to us and we will send back your money and all transportation charges you paid.

The solid gold and gold filled watch cases we offer in this catalog are made by the most representative makers in America. The maker's name and guarantee are plainly stamped on the inside of each case.

Shipping weight of any watch on this page, unless otherwise stated, 9 ounces.

No. 4N22238

Price.....**$1.75**

$6.75 for This Horse Timer.

With Start, Stop and Flyback Arrangement.

Nickel Finish.

It is nickel finish, stem wind. The movement is jeweled and the timing is operated from the crown by merely pressing down. It has the start, stop and flyback arrangement, with minute register, as illustration shows. One of the essential parts of any movement is the escapement. We recommend, however, for a horse timer which will give greater satisfaction, one that will be more accurate in every detail, that you buy movement, quoted here at $7.95. We alway lever escapement in preference to cylinder in chase of a watch. Shipping weight, 9 ounces.

ection ... We MUST Satisfy You in Every

Railway Watches

These 18-Size Watches Meet Railway Specifications.

Every movement listed on this page will meet the rigid specifications of railway requirements. They represent the highest possible perfection for accuracy and timekeeping.

We illustrate three cases that we fit these movements into at the prices quoted. 20-year gold filled, 25-year gold filled, with solid gold bow, open face, swing ring, monogrammed, and the nickel composition swing ring cup case. This case is ideal where a substantial protection to the movement is required. Nickel composition cases are sometimes named by the manufacturers as silverine, silveroid, nickel silver, etc. This swing ring case has a patent screw nut and gold plated reflector inside of bezel. The movement is fitted into a swinging ring. The case has but one joint and a solid back, as near dust and damp proof as it is possible to make a watch case.

We carry two dials, Montgomery dial and regular double sunk dial. You can have your choice. **Be sure to state style of dial wanted.**

You can order one of these watches and if after you receive it it is not in every way as described, if it should not please you, it makes no difference what the cause, send it back to us and we will at once return your money, together with all transportation charges. Shipping weight of all watches on this page, 12 ounces.

Birthstone Jewelry

Select any of the articles on this page; tell us the month of your birth, and we will send the articles of your choice set with your birthstone. Unless otherwise stated all articles on this page are 10-karat solid gold. Each article is put in a neat presentation box. The opals, agates, moonstones, bloodstones and sardonyx are genuine, with the exception of the ones set in Nos. 4N38706, 4N38716, 4N38720, 4N38724, 4N38726 and 4N38728, which are clever imitations. The turquoise set in all articles is imitation. The garnet, amethyst, emerald, ruby, sapphire and topaz are fine doublets. **Remember when ordering to state the stone wanted.** Postage extra, 3 cents.

January—Garnet—Constancy and Fidelity.

February—Amethyst—Sincerity.

March—Bloodstone—Courage, Truthfulness.

April—Moonstone—Innocence.

May—Emerald—Happiness.

June—Agate—Health and Long Life.

Seamless Wedding Rings

Prices Include Engraving

We sell only fine quality in 10, 14, 18 and 22-karat, and guarantee them in every respect. Positively only fine quality pure gold used. Made from one piece. No discolorations or marring as in other methods of making when the ring is soldered. The true wedding ring should be a continuous circlet without joint or seam. We cannot fill your order for a ring unless you let us know the size wanted. Sizes, 5 to 13. See page 710 to find the exact size you want. Ring No. 4N40100 shows how the wedding rings are engraved. **Be sure to state lettering.** If by parcel post, send 2 cents extra for postage on rings under $5.00; over $5.00, 3 cents extra.

PRICE INCLUDES INITIAL ON RINGS SHOWING ENGRAVING.

They Resemble Diamonds

White Synthetic Sapphires

In 10 and 14-Karat Solid Gold Mountings

Ladies' Rings furnished in sizes 5 to 10. **Illustrations Show Exact Size.** **Men's Rings furnished in sizes 5 to 13.**

White Synthetic Sapphires are products of the chemists' art, they are manufactured in the laboratories of Paris. These stones contain the same elements as the genuine mined sapphires. There is absolutely no difference in their chemical constituents, and only experts can distinguish them from the natural mined article. The white sapphires are beautiful, as they resemble the diamond. We know of no other imitation on the market which so closely resembles the genuine stone. They are so hard they will cut glass. **In ordering be sure to mention catalog number.** The ladies' and men's rings illustrated are made in two qualities of gold, 10-karat and 14-karat. **In ordering rings be sure to mention catalog number and size wanted.**

See page 710 for ring measuring instructions. Include 2 cents extra for postage on articles under $5.00; over $5.00 include 3 cents extra.

Synthetic sapphires are the result of unusual skill and rare art. You can find out exactly how these are made. You can also find out many other equally interesting facts. Page 537 of this catalog opens the door to knowledge.

Oriental Cultured Pearls

"These gems have life in them; their colors speak—say what words fail of."—George Eliot.

These Oriental cultured pearls are real pearls with the luster and fire which have made pearls so much admired by lovers of beautiful things. They have life in them. They have coloring in them. They are cultured in the Orient, in a small body of water long famed for the high quality of its pearls.

They are produced in this manner: In the Summer months small pieces of stone are placed in shallow water near where oysters are found. After oyster spats have attached themselves to these stones they are removed, to deeper water, where they are kept for three yea the end of this time they are taken out of the sea and a foreign substance is introduced i oyster to form the basis of pearls. For four years they are left undisturbed. During th many layers of nacre (mother of pearl) have formed and the pearls produced. So perf they that even an expert connoisseur of gems cannot tell without minute examination cultured pearl is not in reality an Indian pearl. Postage extra, under $5.00, 2 cents; over 3 cents. Ring sizes, 5 to 10. **Be sure to state size of ring wanted.** For ring size, see

HOW TO FIND CORRECT SIZE OF RING YOU WANT.

It is very important when you order a finger ring from us that you send the correct size, and to help you find the correct measurement so that we can send a ring which will exactly fit your ring finger, we give you the following information:

If you now own a ring which fits the finger on which you purpose to wear the new ring, or if you do not own a ring yourself and can borrow one from a friend or a neighbor which fits your ring finger, you can ascertain the size you will need by following these directions. The which we show herewith numbere 0 to 13 represent standard ring m ments. Place the ring you own or you have borrowed which fits you over these circles until you find o just fits inside the ring; the nun that circle is the size ring you will If one circle should be slightly smal the next one slightly larger th inside of ring which fits your fing would indicate that you want a s tween the two. For example: If just a little small and size 7 just large, you will want the size these two, or No. 6½.

Red Synthetic Sapphires in 10-Karat Solid Gold Mountings

O LADIES' FANCY STONE SET, GENUINE PINK SHELL CAMEO AND GENUINE CORAL CAMEO RINGS

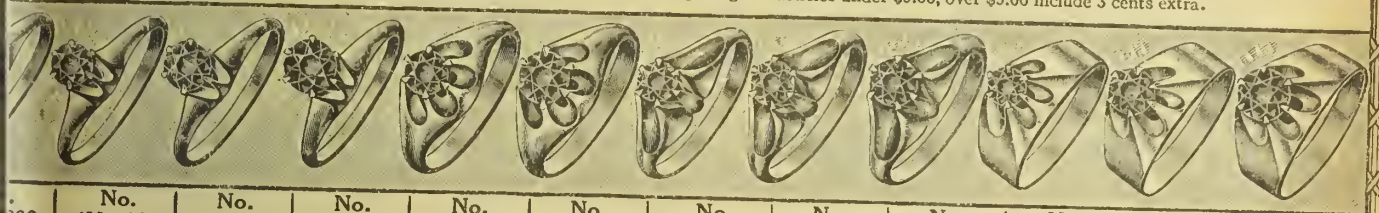
es' Rings furnished in sizes 5 to 10.

ILLUSTRATIONS SHOW EXACT SIZE

Men's Rings furnished in sizes 5 to 13.

ed Synthetic Sapphires are products of the chemists' art, they are manufac- n the laboratories of Paris. These stones contain the same elements as the e mined sapphires. There is absolutely no difference in their chemical uents, and only experts can distinguish them from the natural mined article. d sapphires are beautiful. We know of no other imitation on the market which so closely resembles the genuine stone. They are so hard they will cut glass. The ladies' and men's rings illustrated are made of 10-karat gold. **In ordering rings be sure to mention catalog number and size wanted.**

See page 710 for ring measuring instructions. Include 2 cents extra for postage on articles under $5.00; over $5.00 include 3 cents extra.



300 es' g. 23	No. 4N44802 Ladies' Ring. $4.14	No. 4N44804 Ladies' Ring. $5.05	No. 4N44806 Ladies' Ring. $6.45	No. 4N44808 Men's Ring. $6.07	No. 4N44810 Men's Ring. $7.53	No. 4N44812 Men's Ring. $4.30	No. 4N44814 Men's Ring. $5.91	No. 4N44816 Men's Ring. $7.53	No. 4N44818 Men's Ring. $5.27	No. 4N44820 Men's Ring. $6.45	No. 4N44822 Men's Ring. $8.06

hese rings are all set with synthetic pigeon blood rubies. They respond to almost every test of the genuine natural mined rubies. The ings are all 10-karat solid gold, the same style as our diamond mountings. **Be sure to state size of ring wanted.**

Any of these Articles

See the Jewelry on this page. Unless we had bought immense quantities, anticipating a long time ahead, we would be unable to offer these great values. Manufacturers were anxious to get orders, anxious to get cash, anxious to keep their wheels turning, when these goods were bought, and we seized the opportunity to buy advantageously. Our records show there are a great many people who willingly spend about $2.45 for a jewelry gift. Having this in mind we have scoured the market for such

$2.45

items, with the result that we are able to present to you this wonderful line of **solid gold jewelry.** Genuine cameos, genuine baroque pearls, even genuine diamonds in some of the items will be found. Every item shown here is 10-karat solid gold unless otherwise stated. Necklaces, lavallieres, pearls, ladies' and men's rings, diamond set Masonic emblem button, bib holders, men's watch chain, tie clasp, etc., etc.

For ring sizes see measuring chart on page 710. **Be sure to mention size ring wanted.**

Send 4 cents extra for postage.

WE REPAIR ONLY WATCHES PURCHASED FROM U

On account of the scarcity of watchmakers, owing to their employment on Government work, we find it necessary to limit the repairing of watches only to those which have been purchased from us.

Should you send your watch to us, our expert watch repairers will examine it thoroughly and we will write you the cost of repairing. When we receive your reply with your approval of the charges, we will do everything necessary to put the watch in perfect condition. It takes twelve to fifteen days to repair and regulate a watch properly. Should you desire balance staffs, hole jewels, mainsprings, etc., send a sample to us and state name of watch. Be sure to enclose in your letter or package your name and add

WATCH CRYSTALS. We carry two kinds of watch crystals—the mi-concave for face watches, the Geneva for hunting style watches. These crystals vary in size height. Tell us exact size and height wanted.

ENGRAVING. When ordering any article requiring engraving, please give us instructions as to the monogram or letters to be engraved, so that we may be sure to you correct engraving. You can readily understand that should we incorrectly engra article, we cannot dispose of that article to anyone else.

Jewelers' Complete Tool Set, 48 Pieces in All, for Only $11.90

Our mechanics who do our watch repairing use our own tools. This set for $11.90 consists of forty-eight separate and distinct pieces. Alaska Silverlike Tableware

Alaska Silverlike Metal Tableware Looks Like Solid Silver

In color and appearance it is difficult to distinguish between the two. Yet Alaska Silverlike Metal Tableware contains no silver. It is not plated. It is made of the same metal throughout and, with ordinary use and care, will last a lifetime.

We investigated and chemically tested Alaska Silverlike Metal Tableware before we offered it to our customers. We insisted on finding out that it was all the makers claimed it to be. We were, and are today, satisfied that it is made of strong, durable material and that it will stand the hardest wear and still retain its silverlike color and appearance.

Like genuine silver, Alaska Silverlike Metal Tableware takes a high polish. It is easy to clean, but, like solid silver, or silver plate, it should not be left in vinegar or foods which contain acid or salt.

We Guarantee Alaska Silverlike Metal Tableware for the Term of Your Natural Lifetime.

You make no mistake when you buy Alaska Silverlike Metal Tableware.

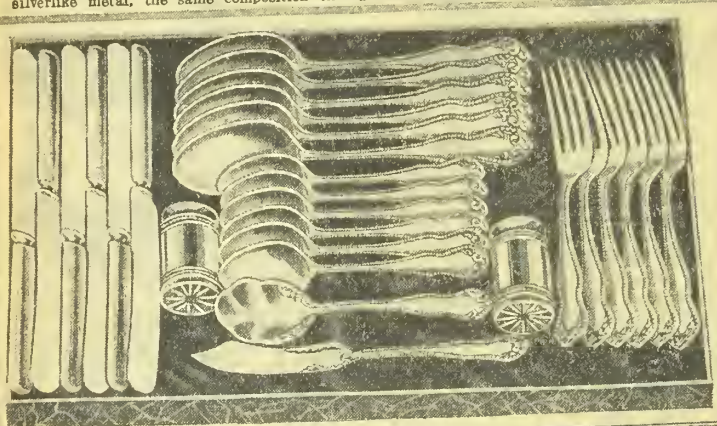
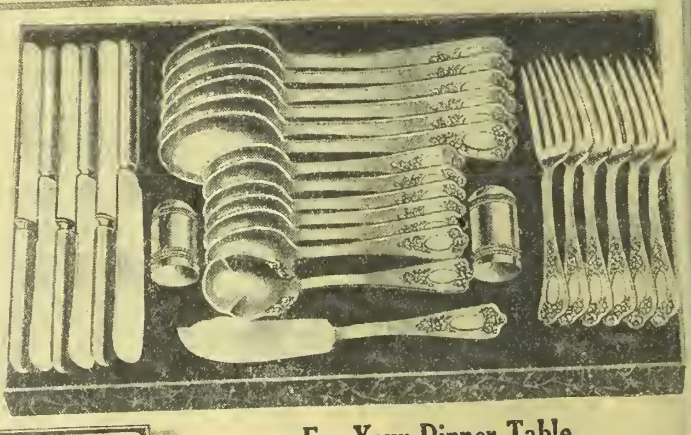
The handsome Twenty-Eight Piece Set of Alaska Silverlike Metal Tableware illustrated here consists of six knives, six forks, six tablespoons, six teaspoons, one butter knife, one sugar shell, one salt and one pepper shaker. Complete set made of Alaska silverlike metal, the same composition through and through. This set will last your natural lifetime. Easy to keep clean. In cloth lined case. Shipping wt., about 6 lbs.

No. 5N1373 Complete Twenty-Eight Piece Set, Laval pattern. Plain knives, as illustrated. Price, per set **$5.89**





You Get Service and Appearance

In the Fancy Extra Heavy Weight Beaded Pattern Twenty-Eight Piece Alaska Silverlike Metal Tableware Set, illustrated above. Put up in a cloth lined presentation case for $6.46. On account of the many inquiries for a heavier weight Alaska silverlike metal set we have had this beautiful pattern made in heavier weight than has been offered in composition metal sets. The above set includes salt and pepper shakers, as illustrated. They have Alaska silverlike metal tops with glass salt and pepper holders, serviceable and good. The balance of the set, twenty-six pieces, is of silverlike metal, branded Alaska, and is fully guaranteed. Six plain handle knives, six dinner forks, six tablespoons, six teaspoons, butter knife and sugar shell. Shipping weight, about 6 pounds.

Engraved with Your Initial

This illustration shows the style of lettering on this 28-piece set. You may have any initial you desire.

M

Engraved 28-Piece Set Alaska Silverlike Metal Tableware, $6.65

Each piece engraved with the initial you desire, except the knives and salt and pepper shakers. Price includes engraving. Write plainly and distinctly the letter wanted so that no mistake can be made.

Alaska metal looks like silver, though it has no silver in it. Instead, it is a composition metal made especially for us. It is hard grained white metal, the same composition through and through, and with ordinary use will wear a lifetime.

Like genuine silver, Alaska Silverlike Metal Tableware takes a high polish. It is easy to clean, but, like solid silver or silver plate, it should not be left in vinegar or foods which contain acid or salt.

No. 5N1480 Alaska Tableware Set. Twenty-eight pieces, complete with case. Shipping weight, about 6¼ pounds.

Genuine Rogers Nickel Silver Tableware

Genuine Rogers Nickel Silver Tableware is a composition metal that resembles silver, though it has no silver in it, being simply a nickel composition all the way through. Because of its construction it wears remarkably well and will give many years of service if given ordinary care and attention. You should not let Genuine Rogers Nickel Silver stand for any long period in fatty or acid foods. If this simple precaution is observed, you will find this tableware bright and new looking after years of use. All of the pieces we list are regulation size. You can make no mistake in ordering any of the sets or pieces shown here.

The NATIONAL CALL

OUR OWN TRADE MARK REGISTERED IN U.S. PATENT OFFICE

SUCCESS is the reward of industry—and the industrious man with his eyes on the goal of achievement is first of all punctual. Wherever men toil, punctuality is demanded as one of the first laws of efficiency. To be on time, to be "up and at it," we need a monitor to watch over our sleeping hours and awake us with precision and accuracy to our daily opportunities. Ever vigilant, the NATIONAL CALL is daily reminding thousands of men that success is achieved by industry, reminding them to awake and be prepared to master their every difficulty.

Accuracy and reliability are built into the NATIONAL CALL by its scientific construction.

Long and continued efficient service is thus guaranteed. It is plain, simple, rugged and sturdy. The large figures on its face can be readily seen.

The NATIONAL CALL will get you up eight mornings with one winding.

The dial is heavily enameled; is 4½ inches in diameter and has large figures easily read in a dim light. Will ring from seven to eight minutes in one long alarm, unless you shut off the alarm attachment. The National Call is a reliable, attractive alarm clock at an exceedingly reasonable price.

The National Call stands 7 inches high. The movement is made of solid brass with highly polished bearings of hard pinion steel. The case is dustproof, and is also of solid brass heavily nickel plated. The clock is accurately put together and made for the sole purpose of keeping time and getting you up in the morning.

$2.50

No. 5N8542 Price..... Shipping weight, about 4 pounds.

Page 903 Tells You Quickly What We Have for You in This Catalog.

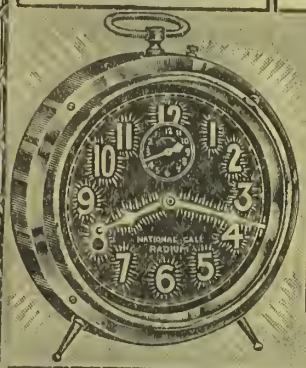
DEPENDABLE TIMEKEEPERS

Luminous One-Day Alarm Clock. Nickel plated case. 6¼ in. high; 4¼-in. dial; 3½-in. bell on back. Alarms at intervals of 40 seconds for about 10 minutes. Shpg. wt., 3½ lbs.
No. 5N8505 Price..$2.60

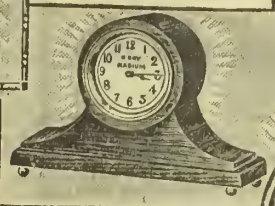
Luminous Dial Alarm Clocks. A common sense idea, meeting with unprecedented popularity and demand. You can read the time at night if you have a luminous dial clock. The dial and hands become luminous in the dark so that the time can be seen.

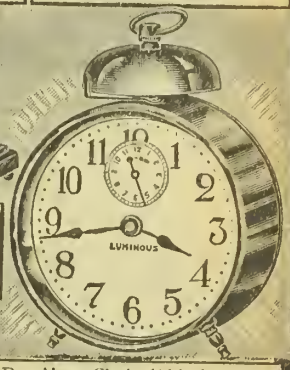
Nickel Plated Alarm Clocks, gold plated and French Ivory desk and dresser clocks, from the most representative clock makers. The dresser or desk clocks make beautiful ornaments, as well as being useful. We guarantee them to give entire satisfaction. Full directions for adjusting, starting, regulating, etc., are enclosed with each clock.

Luminous Dial One-Day Intermittent Alarm Clock. 3¼ inches high; has a 2-inch dial; 1¾-inch bell on back. Rings at intervals of forty seconds for four minutes. Shpg. wt., 1¼ lbs.
No. 5N8508 Price..$3.24



Luminous One-Day Alarm Clock. Height, 5¼ inches. Dial is 3⅛ inches in diameter. Has 3⅝-inch bell on back. Alarms for thirty seconds. Shipping weight, 2¼ pounds.
No. 5N8507 Price.....$2.30

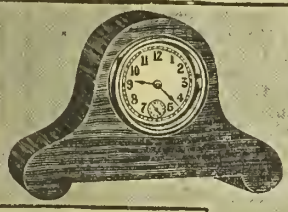


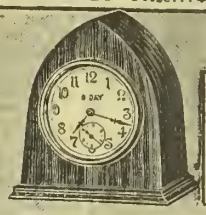


Luminous Dial One-Day French Ivory Midget Clock. Height, 3 inches. The case is fitted with a luminous dial watch movement. Shipping weight, about 8 ounces.
No. 5N8509 Price...$2.35

Luminous Eight-Day Dresser Clock. Mahogany case. 4⅝ inches high and 6¼ inches wide. Runs eight days. Does not alarm. Dial is 2¾ in. in diameter. Shpg. wt., 2¾ lbs.
No. 5N8510 Price...$6.25

The National Call Luminous Dial Eight-Day Alarm Clock. This is the same clock that we illustrate on page 762 but has a luminous dial. The dial and hands become luminous in the dark so that the time can be read. Shipping weight, 4¼ pounds.
No. 5N8501 Price...$3.38





One-Day Alarm Clock; 6¼ inches high; 3⅝-inch dial. The dial when exposed to light will absorb a portion of it and at night will throw off the light it has absorbed. It is not treated with the same preparation that the other luminous clocks on this page are. This accounts for the difference in price. Shpg. wt., 2 lbs.
No. 5N8544 Price.....$1.35

Mahogany Finish One-Day Desk or Dresser Clock; 4⅛ inches high; 6⅛ inches wide; 2-inch dial. Shipping weight, about 2 pounds.
No. 5N8532
Price.....$1.98

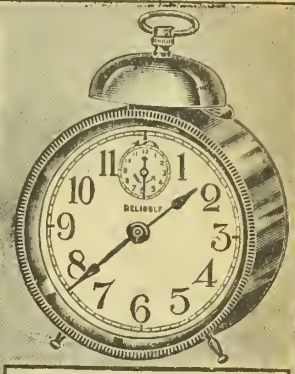
Mahogany Finish Eight-Day Desk or Dresser Clock; 4⅝ inches high; 2½-inch dial with beveled glass. Movement runs eight days with one winding. Does not strike or alarm. Shpg. wt., 2½ lbs.
No. 5N8536..$2.70



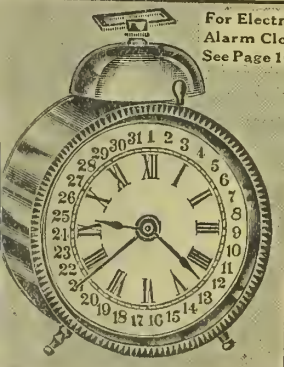
Nickel Plated Strike Alarm Clock; 6⅞ inches high; 4⅝-inch dial. Runs one day with one winding. Strikes the hours and half hours and in addition has an alarm attachment. Shipping weight, about 3¼ pounds.
No. 5N8574
Price.....$2.59

French Ivory (grained celluloid) Desk or Dresser Clock; 4⅜ inches high and 4 inches wide. Shipping weight, about 1¼ lbs.
No. 5N8549 Price.$1.74

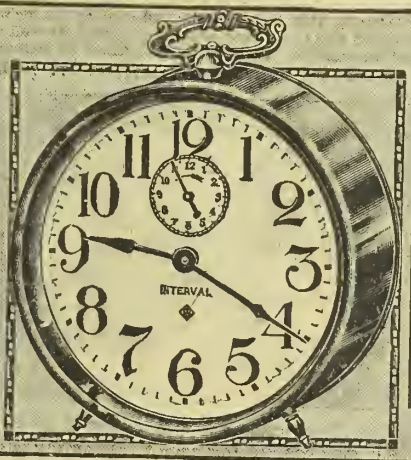
French Ivory (grained celluloid) Dresser Clock; 3 inches high and 6⅛ inches wide. Shipping wt., about 1¼ pounds.
No. 5N8539 Price.$1.90

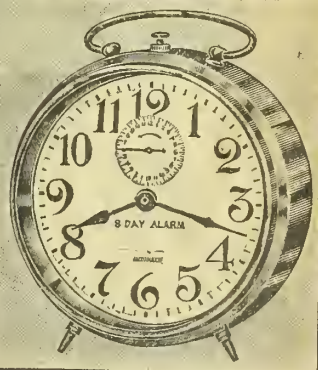
French Ivory (grained celluloid). Height, 3 inches. Case fitted with regular watch movement. Shipping weight, about 8 ounces.
No. 5N8547 Price.$1.39

One-Day Reliable Nickel Plated Alarm Clock; 6¼ inches high; 4-inch dial. Alarms for one-half minute. Each clock is thoroughly tested and carefully examined before leaving the factory, insuring accurate timekeeping. Shipping weight about 2 pounds.
No. 5N8520 Price..98c



For Electrical Alarm Clocks See Page 1031.





Small One-Day Nickel Plated Repeating Alarm Clock; 3¼ inches high; 2⅛-inch dial. Alarms for thirty seconds and repeats every ten seconds for four minutes. Shipping weight, about 1½ pounds.
No. 5N8557
Price.....$2.05

Small One-Day Nickel Plated Desk or Dresser Clock; 3⅛ inches high; 2-inch dial. Does not alarm. Shipping weight, about 1 lb.
No. 5N8541
Price.....$1.00

One-Day Nickel Plated Alarm Clock with calendar attachment. Is 6 inches high and has a 4-inch dial. In addition to being a regular alarm clock has a calendar attachment which automatically registers the day of the month. Shipping weight, about 2 pounds.

One-Day Nickel Plated Intermittent or Long Alarm Clock; 6¼ inches high; 4½-inch dial; 3½-inch bell on back of clock and shut off attachment. Also attachment to throw on long or intermittent, as desired. Alarms for ten minutes. We recommend this clock for its excellent timekeeping qualities. Shipping weight, about 3¼ lbs.
No. 5N8566 Price.....$1.95

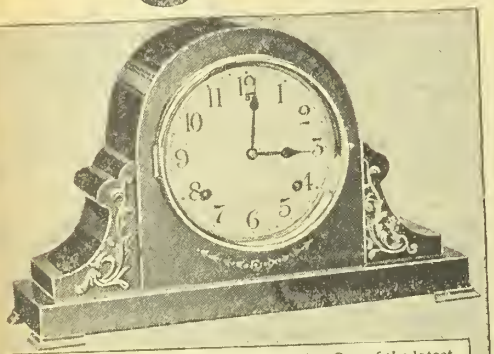
An Eight-Day Automatic Alarm Clock. Wind the time and alarm once a week and then set the time you desire to get up. It will automatically set itself to ring at that time every day for a week. It has a special lever so that you can adjust the alarm to ring for seven seconds or for a minute as desired. 6 inches high and has 4⅜-inch dial with a 4½-inch bell on back. Pressing the top button stops the alarm. Shpg. weight, 3½ pounds.
No. 5N8502 Price.....$3.12

For Ivory Pyralin Toilet Articles See Pages 783, 784 and 785.

Eight Day Mantel Clocks

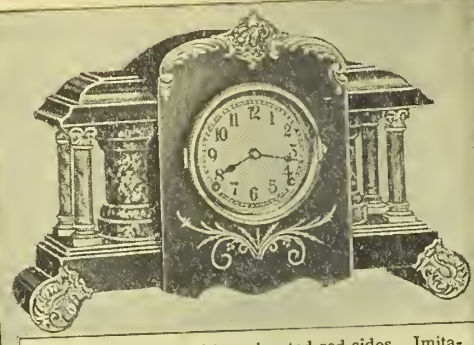
If your home has not a reliable and attractive mantel clock, you should study those illustrated on this page, for here is your opportunity to get a real mantel clock bargain.

These clocks keep excellent time, because the movements are made of fine quality brass and oil tempered steel. A leading American clockmaker is their manufacturer. You will like the soft toned gong upon which the hours are struck, and the cheerful cup bell upon which the half hours are sounded. The cases are all black enameled wood, highly polished in imitation of black marble. Ornaments of gilt, imitation onyx and bronze color metal in pleasing effects. Full directions for setting up and regulating accompany each clock.



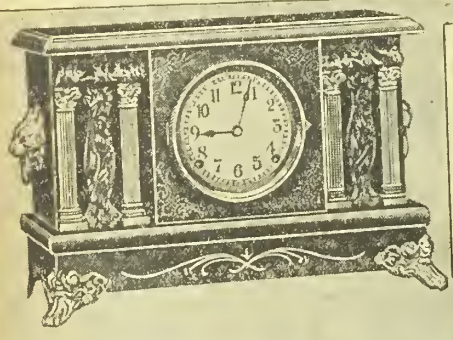
Black Enameled Wood Mantel Clock. One of the latest designs out from the factory. Has large readable dial, 6¼ inches in diameter. Has bronze finish metal feet. Strikes the hours on a cathedral gong and the half hours on a bell. Stands 9¾ inches high and is 15¼ inches wide. Shipping weight, 14 pounds.

No. 5N9304¼ Price..... $7.50



Black enameled, with variegated red sides. Imitation white marble columns. Gilt metal ornamentations. Height, 12¼ inches; width, 18½ inches; 5½-inch dial. Shipping weight, about 20 pounds.

No. 5N9342¼ Price..... $7.70

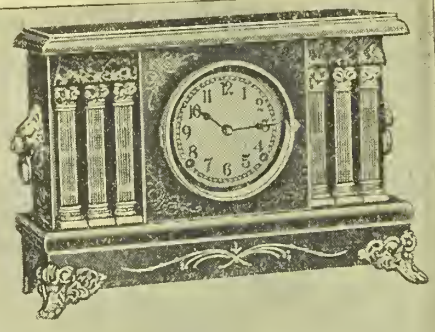


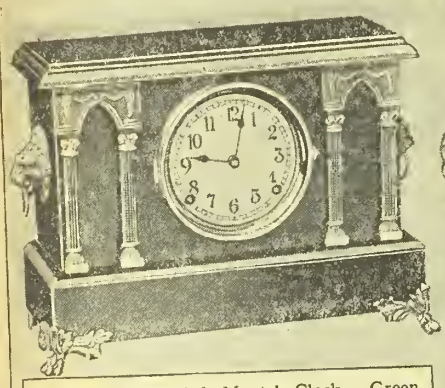
Black enameled, with variegated red molding. Green metal columns, gilt caps and bases. Gilt metal side ornaments and feet. Between the two columns there is a bronze finish metal figure in bas-relief. Height, 10¾ inches; width, 16½ inches; 5½-inch dial with bullseye glass. Shipping weight, about 18 pounds.

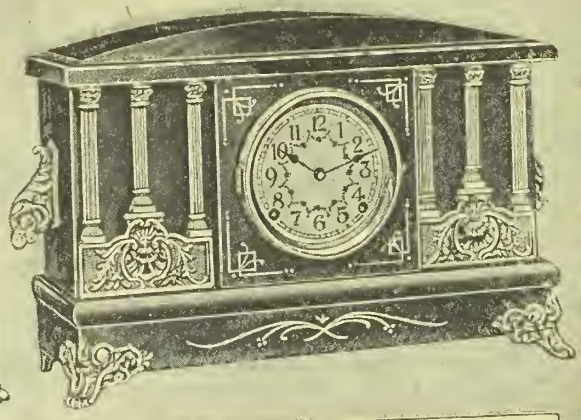
No. 5N9349¼ Price..... $6.25

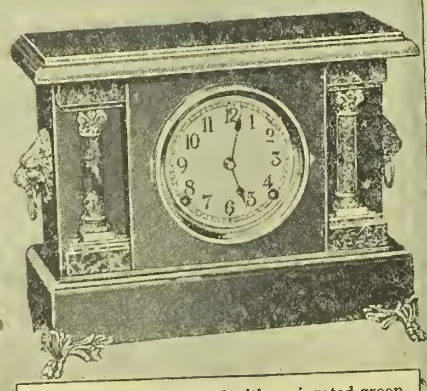
Black enameled, with variegated red top molding to imitate onyx. Bronze finish metal columns. Gilt metal feet and side ornaments. Height, 10¾ inches; width, 16¾ inches; 5½-inch dial. Shipping weight, about 18 pounds.

No. 5N9328¼ Price..... $6.00









Black Enameled Mantel Clock. Green metal columns with gilt caps and bases. Bronze finish metal top and side ornaments and feet. Strikes the hours and half hours on a cathedral gong. Has 5¼-inch dial, height, 10½ inches; and width, 14⅜ inches. Shipping weight, 15 pounds.

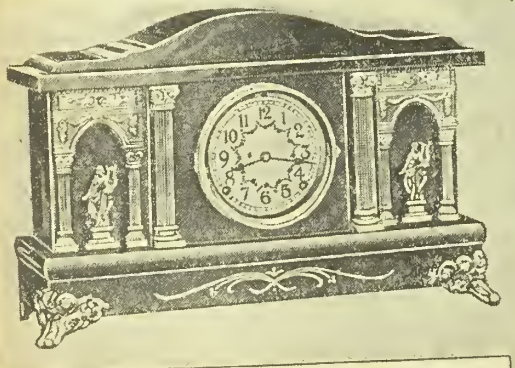
No. 5N9305¼ Price..... $5.65

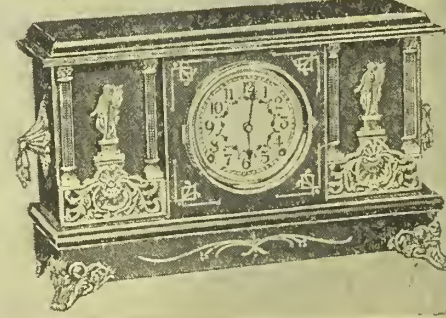
Our Leader. Black with bronze finish metal front, side ornaments and feet. Gilt caps and bases. Height, 11¾ inches; width, 18 inches; 5½-inch dial with bullseye glass. A very artistic ornament as well as a practical timekeeper. Shipping weight, about 18 pounds.

No. 5N9347¼ Price..... $6.95

Black enameled wood with variegated green top and bottom molding. Bronze finished caps and bases on columns. Bronze finish metal side ornaments and feet. Strikes the hours on a gong and the half hours on a bell. Has 5¼-inch dial. Height, 10⅞ inches and is 14 inches wide. Shipping weight, 15 pounds.

No. 5N9306¼ Price..... $5.15





Black enameled, with bronze finish metal panels and variegated green background. Bronze finish metal columns and feet. Height, 12 inches; width, 19 inches; 5½-inch dial with bullseye glass. Shipping weight, about 18 pounds.

Eight-Day Mantel Clocks

Mahogany and Oak

Have you noticed how a mahogany or oak mantel clock lends distinction to a room? Those illustrated here are the product of a leading American clockmaker, and because of the materials and workmanship entering into their construction they are excellent timekeepers. Furnished in mahogany, mahogany finish and oak. Our mahogany clocks are first quality mahogany veneer construction. Those in mahogany finish are hardwood nicely made in imitation of real mahogany. All the clocks on this page strike the hours and half hours.

Genuine Mahogany Mantel Clock. A new and beautiful design and a clock that will not only keep excellent time, but will be a beautiful ornament for your dining or living room. Strikes the hours and half hours on a cathedral gong. Stands 10½ inches high, is 20 inches wide and has a 6¼-inch dial with bullseye glass. Shipping weight, 14 pounds.

No. 5N9300¼ Price.....$13.95

Face Creams

Pompeian Night Cream.

Snowy white, fragrant and beautifying. It is a result of years of test by the experienced makers. This Night Cream and the idea of nightly use is steadily becoming more popular. The cream when left on the face assists in smoothing, softening and beautifying the skin made uncomfortable or unsightly by sunburn, chapping, dust, hard water or age. It can be used at any time, but get the habit of nightly use. Its fine unguents turn your sleeping hours into hours of beauty making. Especially good for dry skins, but even a dry skin needs, from time to time, an invigorating massage with Pompeian Massage Cream. Shpg. wts., small jar, 12 oz.; large size, 1⅛ lbs.

No. 8N3115 Large jar. Price.....69c
No. 8N3114 Small jar. Price.....32c

POMPEIAN TOILET SPECIALS

Pompeian Day Cream.

A vanishing greaseless cream that protects the skin from the wind. Keeps the skin smooth and velvety. An ideal cream to use before putting on a face powder. Ingredients pure and soothing. Its dainty perfume captivates the senses. Shipping weight, about 12 oz.

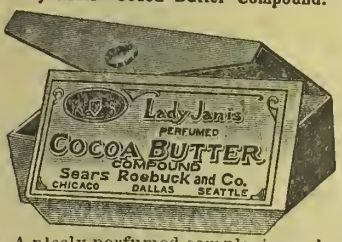
No. 8N3137 Price.....45c

Pompeian Massage Cream.

As popular as ever. It's pink; it cleanses, exercises and has made complexions better for many years. As it rubs in and rolls out, it exercises the facial muscles and invigorates the skin wonderfully. Thus is a fresh, youthful skin preserved. Especially good for oily skins, but oily skins at times need the soothing effects of Pompeian Night Cream, too. Pompeian Massage Cream cleanses the pores of the skin and this keeps blackheads away. Give Pompeian Massage Cream a test. Shipping weights, small jar, 12 ounces; large jar, 2¼ pounds.

No. 8N3111 Large jar. Price.....85c
No. 8N3110 Small jar. Price.....45c

Lady Janis' Cocoa Butter Compound.



A nicely perfumed complexion cake. Used for developing the face, neck, bust and arms, and for cleansing the skin. A dainty perfumed pink colored cake of pure cocoa butter and other ingredients that are easily absorbed by the skin. Size, about 3x1⅞x⅞ inch. Simply apply it to the skin and massage lightly. Preferred by many to the regular massage creams. Packed in fancy hinged cover box. Shipping weight, 4 ounces.

No. 8N3164 Price.....39c

Pond's Vanishing Cream.

For over sixty years Pond's Extract Company products have enjoyed a reputation for high standard of quality. This cream is free from the objectionable features of oil and grease, and retains its fresh fragrance. Fragrant, smooth, delightful and popular. Shipping weight, small size, 8 ounces; large size, 1 pound.

No. 8N3106 Small size. Price..23c
No. 8N3112 Large size. Price..45c

You Need These Two Creams.

Most faces require two kinds of cream, one to cleanse, smooth and soften; and the other to exercise and invigorate.

Pond's Cold Cream.

The moment you use it you will delight in its exquisite smoothness and softness. You will like it for massage. It has exactly the consistency demanded by the best known masseurs for a massage cream. Use it at night when your pores are filled with dust and dirt. Without irritating even the most tender skin, it removes all trace of grime and leaves the skin refreshed and clear.

No. 8N3118 Large size. Price..45c
No. 8N3119 Small size. Price..23c

Ingram's Milkweed Cream.

A concentrated, cooling and refreshing cream-white emollient, quickly absorbed by the skin pores without causing greasy appearance and with no danger of hair growth. Beneficial in counteracting the effects due to exposure to sun and wind, and from direct contact with grease or vapors. Its daily use will help keep the skin moist and pliable, assisting in preventing the fine wrinkles that result from dryness of the skin. It is delightful to use. It assists in preventing the skin from chapping when exposed to cold. It does not leave the skin sticky or greasy. Ingram's Milkweed Cream is a preparation which we have handled for many years and which seems to give almost universal satisfaction. We carry only the large size jar, as it is more economical for our customers. Large jar, shipping weight, about 1 pound 5 ounces.

No. 8N3108 Price.....85c

"S. R." Peroxide Cream.

A fragrant, white vanishing cream. So called peroxide creams have become a favorite on the toilet table. Put up in about 4-ounce jars in carton. Shipping weight, 7 ounces.

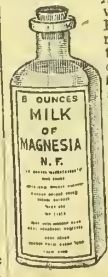
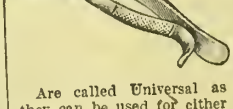
Milk of Magnesia.

Wash your teeth with Milk of Magnesia at least once a day. Acid mouth tends toward decay of teeth. Prominent dentists recommend washing the teeth with Milk of Magnesia just before retiring. Used alike for children or adults. This well known, white liquid has two uses, a mild laxative and mouth wash. It assists in overcoming the acidity of the mounth and, therefore, is recommended for preserving the teeth. It is a pleasant popular mouth wash. Shipping weight, 1½ lbs.



No. 8N4380 Price....21c

Universal Dental Forceps.



Are called Universal as they can be used for either upper or lower teeth. We advise that they be employed only for emergency use. A dentist should be employed in all cases where possible. Are made of steel, nickel plated and highly polished. Shipping weight, each, 9 ounces.

BIG SOAP VALUE.

Thirty Large Cakes, Three and One-Quarter Ounces Each.

Equal to and Much More Economical Than Sixty Small So Called Two-Ounce Cakes.

There is much less waste in using these big cakes. In using forty or fifty cakes you would have forty or fifty small pieces left that would be too small to be practical. In using thirty cakes you will have but thirty small pieces remaining. You will make no mistake in buying these big cakes rather than a greater number of small cakes. We suggest that you purchase a good supply, as soap improves with age. This assortment represents an attractive and very economical offer. It consists of six cakes each, Witch Hazel, Elder Flower, Buttermilk, Carnation and Flotilla, each weighing 3¼ ounces when pressed. Shipping weight, about 6 lbs.

No. 8N4957 Price $1.59

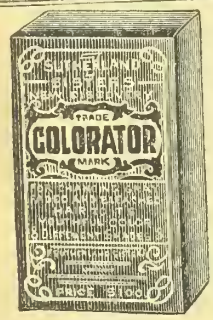
Hair Preparations

Seven Sutherland Sisters' Hair Preparations.

Standard for Thirty-Six Years.



Hair and Scalp Cleaner.

Recommended for keeping the hair and scalp healthy. An easily applied shampoo that has become a big favorite. Full directions with package. Shipping weight, 7 oz.

No. 8N3235 Large 5-oz package. Price **39c**

These products, which have been used for about thirty-six years, enjoy a large sale and are endorsed by many people. Too well known to need description. Widely advertised and has proved itself very popular.

Hair Grower.

The well known hair tonic. Free from injurious substances and highly recommended by its users. Shipping weight, 2 pounds.

No. 8N3249 Large size, 8-oz bottle. Price **79c**

Colorator.

For changing gray, bleached or faded hair to its natural color. Easy to apply. Shades as follows: Black, chestnut, dark brown, auburn, medium brown, light brown, ash blond or golden blond. **Be sure to mention color wanted.** Directions with package. Shipping weight, 14 ounces.

No. 8N3247 Price **79c**

Princess Hair Tonic.

Made From High Class Ingredients.

A delightful preparation for helping to make the hair grow. It will do everything which any honest hair tonic can do. When the hair is dead, nothing we know of can bring it back to life.

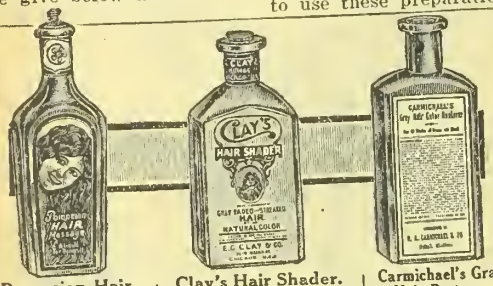
Unless the hair follicles are absolutely dead, it is possible to greatly stimulate the scalp and help nature to produce a growth of hair. By using Princess Hair Tonic before the roots are dead, it is possible in many cases to check the falling of the hair and promote its growth.

For falling of the hair, dandruff, scalp irregularities, a reliable tonic should be used once a day, rubbed into the scalp with the finger tips at least five minutes. If your hair suffers in any one or more of these particulars, we would suggest that you try Princess Hair Tonic as a relief. Use it according to directions and we believe that you will accomplish good results.

Princess Hair Tonic is not an experiment, is not an untried preparation, but is an honest hair tonic made from high class ingredients, used for stimulating the scalp generally. Shipping weight, 2¼ pounds.

No. 8N3200 Price, per 12-oz. bottle.....**$0.67**
No. 8N3207 Three bottles **1.79**

We give below a list of well known advertised hair tonics and dyes. They are sold by us only as an accommodation to those who desire to use these preparations. We cannot guarantee any hair dye to color false hair.



Pompeian Hair Massage.

Made by the same company manufacturing the well known Pompeian Massage Day and Night Creams. A delightful and popular dressing for the hair. Shpg. wt., 2½ lbs.

8N3214 Price. **89c**

Clay's Hair Shader.

We believe that, when used in accordance with instructions, the preparation will produce as nearly the desired shade as can be expected from any product of this kind. Shipping wt., 1⅝ lbs.

No. 8N3218 Price **79c**

Carmichael's Gray Hair Restorer.

A hair dye that we have handled for some time and which apparently gives good satisfaction. Shipping wt., 1½ lbs.

No. 8N3201 Price **79c**

Hair Tonic Applying Comb and Cup.

This device, consisting of the comb with hollow teeth and the small glass cup for holding the liquid, has proved very satisfactory for applying hair tonic, Eau de Quinine and other liquid preparations, as the liquid will flow through the teeth directly to the scalp, thus allowing the preparation to reach the roots of the hair. It is easy to use, well made and there is nothing to get out of order. Each appliance in box. Shpg. wt., 10 oz.

No. 8N2474 Price **65c**

Danderine.

We handle only the large 10¾-ounce size of this widely advertised hair tonic, as we consider it more economical to our customers. Shipping wt., 1 lb. 15 oz.

No. 8N3233 Price **79c**

Newbro's Herpicide.

Very fragrant hair dressing and tonic, which apparently gives the best of satisfaction. Shipping weight, 2 pounds.

No. 8N3210 Large size (8 oz.) Price **89c**

Ed. Pinaud's Eau de Quinine.

Probably the best known so called quinine hair tonic on the market. Highly perfumed. Shipping weight, 1½ pounds.

No. 8N3212 Price **98c**

Packer's Tar Soap.

Depilatories for Removing Superfluous Hairs on Face, Neck and Arms.

Both of these preparations are non-poisonous and, when properly used, should remove the hairs without irritation. Should a little too much be applied, the prompt application of cold cream should give prompt relief. No depilatory will permanently stop the growth of hair. Simple directions with each package. Shpg. wts., 6 and 8 oz.

IVORY PYRALIN

Have Your Ivory Pyralin Toilet Pieces Engraved in Beautiful Dark Blue Enamel.

(Ivory Pyralin Is Grained Celluloid, formerly called French Ivory.)

Beautiful and durable blue enamel letter monograms of one, two or three letters can be engraved on your toilet pieces at a reasonable cost.

Print or write plainly the letters you want engraved on your selection. Be sure you make no mistake. Multiply the number of pieces you desire engraved by the price of single letters or monograms as you wish. Two or three days' extra time will be required.

Size and Style of Monogram—All pieces are engraved with a letter or monogram which is in proportion to the size of the article. All two or three-letter monograms are in Script style and single letters in Old English style.

Prices as follows:

One letter only. Price, per letter. **30c**

Two or three-letter monograms. Price, per monogram. **60c**

Be sure to include cost of engraving each piece with the catalog cost of the articles selected, otherwise merchandise will be sent plain.

CHRISTMAS STOCKINGS

"There's Joy in Toys for Girls and Boys"

PICTURE to yourself the excitement and unbounded delight of children on Chrstmas morn, as in the dim and early light a huge stocking, stuffed with toys and candy, reveals itself to them. "Oh! Let's see what's in it!" they cry. Each new toy calls for increased admiration, and cries of delight fill the air. There are games, candies, books to paint in, soap bubble outfit, horn, noisy toys and other fairylike offerings concealed in this Joy Stocking.

Truly, "it is more blessed to give than to receive," and to make children happy on Christmas is not only a joy but a duty.

This most inexpensive of gifts, contains the toys and candies for both girls and boys. It is literally stuffed with Christmas goodies and toys. Weeks of unending delight—hours of quiet contentment are packed in with each toy.

Our Best Stocking.

To meet the demands for a larger and better toy stocking, we are offering this special value. In it are packed several different features—a nicely decorated mechanical toy automobile, big size game, bag containing about 100 assorted colored clay marbles, together with package stick candy, box butterscotch, 10-inch decorated stuffed doll, toy telephone, spring top and other popular toys. Stocking completely packed with paint box, crayons, paint book, A B C book, noisy toys, etc., all carefully selected to meet kiddies' wants. Assortment in stockings may vary slightly. Size stocking, about 40 inches high. Shipping weight, about 5 pounds.

No. 79N9902¼ Price..... **$1.97**

Our Popular Stocking.

This is one of the largest selling items in our Toy Department. It meets most needs—has a big variety of toys to please, and toys with increasing popularity. The items are carefully selected to meet the wants of the kiddies and each stocking contains box candy, package Cracker Jack, 10-inch stuffed decorated dolly, small cotton bear, metal horn and other popular toys. Stocking about 28 inches high. Assortment of toys may vary in different stockings. Shipping weight, about 3½ lbs. **$1.00**

No. 79N9900¼ Price.....

Our 69c Stocking.

Filled with toys, games, candy and Cracker Jack. Stocking contains package Cracker Jack, box butterscotch candy, soap bubble outfit, toy telephone, kindergarten paper, small cotton Teddy bear and other popular toys. Assortment in different stockings may vary. Has about sixteen items to stocking. Size, about 18 inches long. Shipping weight, about 2 pounds. **69c**

THE CHICAGO BLACKBOARD

THIS blackboard is the result of ...ry popu-
...ze box. to produce a really valuable ...ns six-
chart. It is a combined blackbo... ...en dry col-
and educational chart. ...twel...sk ...cil

The **forty-nine** educational charts were prepared under the direction of Chicago educators.

The modern sounding method of teaching children to sound new words are given on two charts on this board.

The blackboard has a good surface which can be written on with chalk and easily erased. The blackboard is 46 inches high when opened for use, and writing desk 26 inches from floor, and is 20¼ inches wide. The blackboard surface measures 17x18 inches. The frame is of kiln dried hardwood in a golden oak varnished finish. The cabinet section is neatly made with pockets for paper, tablets, pencils, etc.

The scroll rolls from one roller to another, disclosing only one at a time of the forty-nine charts for the attention of the child.

This chart should be in every home that has a child of from 5 to 12 years. You will be surprised at the benefit to be derived from it, as well as much amusement. It keeps a child busy and contented. It puts hard lessons in the form of play, making it easier for the child to grasp the meanings.

Comes complete with box of assorted colored chalk and good grade eraser. Stool, paper and pencil not included.

When not in use this chart can he folded up to a thickness of 3½ inches and placed hehind a door, in a closet or an out of the way place.

No. 79N3811¼

Beautiful Doll Heads, Almost Unbreakable.

How to Order—To fit a doll be sure to measure the body from shoulder to shoulder across the top, as the sizes of our doll heads are measured across the shoulders in this manner. After you have this measurement it is very easy for you to determine what number to order by simply referring to the sizes and numbers given below. Heads are made of a composition fiber which is light in weight, yet very durable.

WITH FINE MOHAIR WIGS.
